Re: NTT DoCoMo, Inc. Petition for Declaratory Ruling
WT Docket No. 06-96, ISP-PDR-20060404-00005

Dear Ms. Tritt:

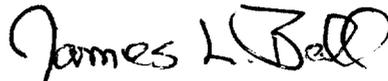

As discussed at our June 21, 2006 meeting, International Bureau staff requires additional information to proceed with its review of the petition for declaratory ruling in the above-referenced docket. Please provide this additional information as soon as possible. As discussed, our questions are as follows:

1. Could NTT DoCoMo comply with a ruling that approved the foreign ownership of DoCoMo Guam Holdings, Inc. by NTT DoCoMo and its Japanese shareholders, including NTT and the Japan Ministry of Finance (plus the standard 25 percent allowance for additional foreign ownership)?
2. Please provide a principal place of business showing for DoCoMo Guam Holding, Inc.
3. Does NTT have a right to appoint the majority of the Board of Directors of NTT DoCoMo?
4. Please provide the basis for the statement in the application (p. 19) stating, "To the best of DoCoMo's knowledge, more than 75 percent of DoCoMo's outstanding stock is held by shareholders from WTO member countries, including Japan, the United States, and the United Kingdom." (We are aware that the chart in Exhibit B lists the top ten NTT DoCoMo shareholders that account for 72.98% of NTT DoCoMo's equity and voting interests.)
5. Please provide the basis for the statement in the application (p. 17) stating "To the best of DoCoMo's knowledge, more than 75 percent of NTT's outstanding shares are held by shareholders from WTO member countries, including Japan and the United States." (We are aware that the chart in Exhibit B lists the top ten NTT shareholders that account for 55.33% of NTT's equity and voting interests. We also are aware that, under current Japanese law, up to 66.67% of NTT shares must be held by Japanese citizens.)

6. What does the "Country" column in Exhibit B represent (e.g., the street address of the investor)?
7. Please provide a principal place of business showing for the shareholders listed in the Exhibit B ownership chart for NTT DoCoMo and NTT.
8. What percentage of NTT DoCoMo's shares are held by citizens of, or entities organized under the laws of, countries other than Japan or the United States?
9. What percentage of NTT's shares are held by citizens of, or entities organized under the laws of, countries other than Japan or the United States?
10. What steps are NTT DoCoMo and NTT prepared to take to ensure that at least 75 percent of their outstanding shares of capital stock are held by citizens of WTO Member countries?

Thank you for providing this information for our review.

Sincerely,
