Re: KRIS-DT, Corpus Christi, Texas (Facility ID No. 25559)  
FCC File No. BCERCT-20041104ARH  
Supplement to DTV Pre-Election Certification Form (FCC Form 381)

Dear Ms. Dortch:

On behalf of KVOA Communications, Inc. ("KVOA"), permittee of KRIS-DT, Corpus Christi, Texas, we hereby supplement the FCC Form 381 which was filed electronically on November 4, 2004 and clarify the certification made by KVOA. A copy of the filed Form 381 is enclosed.

On December 5, 2003, the FCC granted a DTV channel change for KRIS-DT and substituted DTV channel 13 for KRIS-TV's assigned DTV channel 50. Unlike the channel 50 allotment, the channel 13 allotment parameters provides for facilities that exceed the replicated analog service area for the station.

In response to Question 1 on the FCC Form 381, KVOA selected certification "c," which states: "Licensee/permittee hereby certifies that it will operate its post-transition DTV station based on its allotted replication facilities." By this letter, KVOA clarifies this certification to advise the FCC that KVOA intends to construct digital facilities that will replicate the station's analog service area rather than facilities that reflect the station's allotment, as modified. KVOA believes the chosen certification most closely matches its intended certification.

---
