Hi Ernie:

Was wondering if you got my response to your last email to me.

You mentioned the FCC was stumped about the EEO allegations, yet, you distinctly told me that that was thrown out as unsubstantiated (or some such legalese) a while ago by the FCC. Also, that's what was in your confidential report to Superintendent Ackerman. So, were they thrown out?

Any news on timeline? I know you're going to WCPR in Phoenix. I was going to go in order to see you, but decided not to.

Really need to push this now before the holiday break. Please advise.  
Nicole
