Re: MB Docket No. 03-15  
WRDQ-DT, Orlando, Florida (Facility ID No. 55454)  
Supplement to Request for Waiver of July 1, 2006  
Replication/Maximization Deadline

Dear Ms. Dortch:

On behalf of WFTV, Inc., licensee of television station WRDQ-DT, Orlando, Florida (the "Station"), we hereby supplement WFTV, Inc.'s request for waiver of the Commission's July 1, 2006 DTV replication/maximization interference protection deadline. On July 6, 2006, WFTV, Inc., out of an abundance of caution, submitted a request for waiver of the July 1, 2006 deadline for the Station while it awaited specific program test authority to commence service.

By this letter, WFTV, Inc. provides notice that, because the Commission now has granted the Station's license application (see FCC File No. BLCDDT-20060601AWH), the Station is operating with its certified facilities. Accordingly, to the extent that waiver was necessary, further waiver of the deadline is unnecessary.

Respectfully Submitted,

Scott S. Patrick
