Re: *In the Matter of IP-Enabled Services, WC Docket No. 04-36; E911 Requirements for IP-Enabled Service Providers, WC Docket No. 05-196.*

Dear Ms. Dortch:

On August 8, 2006, Tom Sugrue, Kathleen Ham, Bob Calaff, and Tim Dunn of T-Mobile USA, Inc. (T-Mobile), Justin Lilley (on behalf of T-Mobile) and I (on behalf of T-Mobile), met with Tom Navin, Marcus Maher, Renee Crittenden and Nick Alexander, all of the Wireline Competition Bureau. During the course of this meeting, T-Mobile discussed potential ways to provide 911 and E911 services with dual mode licensed and unlicensed mobile wireless devices. The attached slide was provided as part of that discussion.

Please contact me at (202)730-1320 if you or your staff have further questions.

In accordance with the Commission's rules, a copy of this letter is being filed electronically in each of the above-captioned dockets.

Sincerely,

John T. Nakahata  
Counsel for T-Mobile USA, Inc.
