

IMPORTANT NOTICE
BTN

September 7, 2006

NAME
ADDRESS ADDRESS 2
CITY, STATE ZIP

Dear Name 1,

Until very recently, TeleMex International had been providing your **local telephone service** (dial tone) over the resold facilities of AT&T California ("AT&T"). As you may be aware, TeleMex International is no longer able to provide your **local telephone service**.

But for the terms of the [tariff/agreement] governing TeleMex International's service to you, once TeleMex International's account with AT&T was disconnected, your **local telephone service** would have been disconnected, too. To prevent your service from being disconnected without notification to you, AT&T began providing local telephone service to you on September 7, 2006. You can continue receiving this service through October 9, 2006. You will be billed by AT&T for services provided to you during this transition period at our prevailing tariff rates.

Important: To continue to receive service after October 9, 2006, you must arrange for service with one of the **local telephone service** providers in your area. Before that date, you must contact the provider you prefer to arrange for service. Contact numbers for the local telephone providers in your area are available in your local telephone directory. You must make arrangements with a provider before October 9, 2006 to avoid interruption of your service.

Should you wish to continue receiving AT&T service after October 9, 2006, please call our business office. The telephone number for the AT&T business office in your area is available in your AT&T White Pages directory.

Remember, you must act before October 9, 2006 to prevent a disruption in your **local telephone service**.

If you have changed your **local telephone service** provider since September 7, 2006, please disregard this letter. **If you have any questions regarding this letter please call 1-800-667-1086.**

Sincerely,

Cheryl Becker
