REGARDING COMPETITION IN THE  
PHILADELPHIA METROPOLITAN STATISTICAL AREA

EXHIBIT 1

### **Competitive Prices for Mass-Market Voice Telephone Service**

There are many competitors offering mass-market voice telephone service in the Philadelphia MSA using their own switches or VoIP technology. These carriers' offerings are priced at levels that are comparable to or below Verizon's voice telephone package rate. Verizon has prepared a table that compares the prices and features of the voice telephone service offerings of several leading competitors, including VoIP offerings, wireless offerings, and circuit-switched offerings. Verizon prepared this table by examining the competitors' websites and other publicly available information. This comparison shows that mass-market customers can obtain voice telephone service from several competitors at rates that are comparable to or lower than Verizon's rates.
