To FCC,

My name is Donna Fine from Sulphur, Oklahoma. I m profoundly deaf so parents too. Pls do not ever think about shut down no closed captioning on tv weather or anything happen related with the weather. In ur image of real life what if we tell the top 25 or more than Broadcasters to turn off the sounds when it is emergency or weather alert. See how the hearing people feel about that. I m very positive that the hearing ppl will object and demand to turn the sound on. Same goes with DEAF!!!!!!!!!! We Deaf ppl pay the taxes so therefore use it up continue keep CC on tv weather which is very important to our Deaf ppl alive or if no cc , we die by cause no cc info on the weather happen... Who fault? You think about twice how we Deaf ppl have enuff suffer no CC for many many years. Time is to changing to keep CC on tv weather or anything happen.

Thanks for ur listening!

Dear Jay Keithley,

The FCC clarification of the emergency captioning requirements was wrong. All emergency information must be captioned with no exceptions. I must be aware of emergency situations such as a terror alert or impending natural disaster.

I support the Application for Review of Clarification of Obligation of Video Programming Distributors to Make Emergency Information Accessible to Persons with Hearing Disabilities Using Closed Captioning, sent by seven national consumer organizations on August 14, 2006, CG-Docket # 05-231.

Sincerely,

Carrie Foster
