Re: *Ex Parte Notification*: WC Docket No. 06-74:
In the Matter of the Application Pursuant to Section 214 of the
Communications Act of 1934 and Section 63.04 of the
Commission's Rules for Consent to Transfer Control of
BellSouth Corporation to AT&T, Inc.

Dear Ms. Dortch:

On October 25, 2006, I was accompanied to a meeting with Ian Dillner, Legal Assistant to Commissioner Tate, by Julia Strow (Cbeyond Communications), Riley Murphy (NuVox Communications), Heather Gold (XO Communications), Earl Comstock (CompTel), James Falvey (Xspedius), and Pat Donovan (Bingham McCutcheon). The purpose of our meeting was to discuss the proposed remedial conditions proposed by AT&T on October 13, 2006, and the comments regarding the proposed conditions filed by CompTel on September 24, 2006. We explained that, while several of the conditions proposed by AT&T could prove beneficial, the package of conditions offered are insufficient to offset the injuries to competition likely to be caused by the proposed merger. We reiterated that no set of conditions can completely redress the harm to competition. However, if the Commission elects to approve the proposed merger subject to conditions, we urged the Commission to impose the conditions proposed by CompTel, rather than those offered up by AT&T.
