

Regarding FCC Docket 06-121:

I oppose any efforts to weaken media ownership limits, which would allow too few corporations to control what the public hears, sees and reads. Allowing any Corporation to own more than 8 stations or other news media in any given market is bad business and give the public only get biased and selective information , in my area of Florida we have 1 company that own all the newspapers in 4 counties so no matter which paper you buy, all have the same info just rearranged in different parts of the paper,letting clear channel or any company to have more stations would have the same effect,in fact station ownership should be cut back to 3 which i think was the original rule.Please do what is correct for the people of the U.S.A . not special interests.
