RE: Ex Parte Communication
ET Docket No. 04-186
ET Docket No. 02-380

Dear Ms. Dortch:

On October 31, 2006, David Donovan, president of the Association for Maximum Service Television, Inc. ("MSTV") and Victor Tawil, MSTV's senior vice president, met with Julius Knapp, acting chief, Office of Engineering and Technology, as well as OET staff: Alan Stillwell, senior associate chief; Ira Keltz, chief, Electromagnetic Compatibility Division; Geraldine Matisse, deputy chief, Policy and Rules Division; Rashmi Doshi, chief, and Steve Martin, Laboratory Division, regarding the above-referenced dockets.

We discussed several issues raised by the FCC's NPRM including: 1) interference protections, 2) sensing standards, 3) IEEE, and 4) the proposed testing process. We provided them with copies of MSTV pleadings placed in the record previously. In addition, we provided the attached documents.

Sincerely,

David L. Donovan
President
