

We respectfully ask that the 60 day timeframe for appeal of our USAC Appeal be waived due to extenuating circumstances.

We honestly believed that twice the requested information had been faxed. It was not until late in the timeframe that we realized that the faxes had not been recieved.

We then wrote an appeal within the timeframe, but a mailing error caused our letter to be postmarked after the timeframe.

Please waive the timeframe rule due to these extenuating circumstances.

Sincerely,

Jim Curtis, Director

Portage Lake District Library
