

EXPLANATION OF MINOR AMENDMENT

In the Public Interest Statement for the transfer of control of authorizations held by BellSouth Corporation (“BellSouth”), Cingular Wireless LLC (“Cingular”), and their subsidiaries to AT&T Inc. (“AT&T”), the Applicants requested

that any Commission approval of the applications filed for this transaction include authority for AT&T to acquire control of: (1) any authorization issued to the respective licensees/transferees during the pendency of the transaction and the period required for consummation of the transaction; (2) any construction permits held by the respective licensees/transferees that mature into licenses after closing; (3) any applications that are pending at the time of consummation; and (4) any *de facto* transfer leases of spectrum into which BellSouth or Cingular subsidiaries enter as lessees during the pendency of the transaction and the period required for consummation of the transaction. . . . Moreover, because AT&T is acquiring BellSouth and Cingular and all of their FCC authorizations and *de facto* transfer leases of spectrum, AT&T requests that Commission approval include any authorizations that may have been inadvertently omitted.¹

Consistent with these requests, and to update the Commission’s licensing records in the manner agreed to with the Staff, the Applicants periodically have filed minor amendments concerning those call signs which BellSouth, Cingular, and their subsidiaries have obtained or of which they have disposed between the release of the Public Notice in this proceeding² and today.³ This Minor Amendment is another in this series.

The Applicants have made every effort to be complete in updating the Applications with this Minor Amendment. However, because AT&T is acquiring BellSouth and Cingular and all of their FCC authorizations and spectrum leases, AT&T repeats its request that Commission approval include any authorizations or leases that may have been omitted inadvertently.

The Amendment

File No. 0002550364, seeking authority to transfer control of licensee **Blue Licenses Holding, LLC**, is amended to remove call signs KNLG455 and KNLF581, which were relinquished during the course of this proceeding. In addition, the Applicants have corrected the answer to Question 12b) to “Y” and added a Schedule A.
