**Re: Notification of Subscriber Transfer  
CC Docket No. 00-257**

Dear Madam Secretary:

AT&T Inc, on behalf of its affiliate, AT&T California, ("AT&T") files this letter pursuant to Section 64.1120 of the Commission's Rules. This letter provides notification that certain Kansas local exchange subscribers of Prairie Stream Communications, Inc. ("Prairie Stream") have been transferred to AT&T.

Prairie Stream was unable to continue providing its customers telecommunications service in the above-mentioned region. To prevent disconnection of service for Prairie Stream, AT&T began providing Prairie Stream customers local telephone service, for an interim period. AT&T provided these customers notice that they must select an alternative provider of telecommunications service or their service will be disconnected. The affected customers will be disconnected from AT&T on December 21, 2006. AT&T certifies that it has complied with the obligations specified in the notice and any other applicable statutory, Commission and Wireline Telecommunications Bureau requirements. Sample notification letters are attached hereto.

Should you have any questions, please do not hesitate to contact me.

Sincerely,

/s/ Dauida Grant

**IMPORTANT NOTICE**

RE: 000-000-0000-000

11-21-06

Name  
Address  
City, State Zip

Dear Name,

Until very recently, Prairie Stream Communications, Inc ("Prairie Stream Communications") had been providing your **local telephone service** (dial tone) over the resold facilities of AT&T Kansas ("AT&T"). As you may be aware, Prairie Stream Communications is no longer able to provide your **local telephone service**.

But for the terms of the agreement governing Prairie Stream Communication's service to you, once Prairie Stream Communications account with AT&T was disconnected, your **local telephone service** would have been disconnected, too. To prevent your service from being disconnected without notification to you, AT&T began providing **local telephone service** to you on 11-21-06, for a limited transition period. You can continue receiving this service through 12-21-06, which is the last day of this limited transition period.

**Important:** You have a choice in selecting the **local telephone service** provider you want to provide service to you. To continue to receive service after 12-21-06, you must arrange for service with one of the **local telephone service** providers in your area. Before that date, you must contact the provider you prefer to arrange for service. You must make arrangements with a provider to actually begin providing you service *before* 12-21-06, to avoid interruption of your service.

Should you wish to continue receiving AT&T service after 12-21-06, please call our business office. The telephone number for the AT&T business office in your area is available in your AT&T White Pages directory.

**Remember**, you must have replacement service up and running before 12-21-06. If you fail to have replacement service up and running before 12-21-06, you may not be able to keep the same telephone number for use with replacement service established after the limited transition service has been disconnected.

If within one week prior to the date of this letter, your **local telephone service** was disconnected or you changed your local telephone service provider, please disregard this letter. **If you have any questions regarding this letter please call 1-800-667-1086.**

Sincerely,

Cheryl Becker
