Marlene Dortch

**Re: Notice of Ex Parte Meetings**  
**ET Docket No. 04-186; Unlicensed Operation in the TV Broadcast Bands**

Dear Ms. Dortch

On December 11, 2006, Shure Incorporated ("Shure") had meetings with Barry Ohlson of Commissioner Adelstein's office and with John Branscome of Commissioner Copps' office to discuss issues raised in the pending Further Notice of Proposed Rulemaking ("FNPRM") in the above-referenced docket. Attending this meeting on Shure's behalf was Jeff Krull, Vice President, and Catherine Wang and Danielle Burt of Bingham McCutchen, outside counsel to Shure. We discussed the importance of developing interference avoidance techniques that will sufficiently protect wireless microphones and similar audio products from interference caused by the introduction of unlicensed devices in the TV bands. In addition, we recommended that the Commission include wireless microphones in any interference testing program.

If you have any questions regarding these meetings, please do not hesitate to contact the undersigned.

Respectfully submitted,

Catherine Wang  
Danielle Burt
