**Re: Notification of Subscriber Transfer
CC Docket No. 00-257**

Dear Madam Secretary:

AT&T Inc., on behalf of AT&T California ("AT&T"), files this letter pursuant to Section 64.1120 of the Commission's Rules. This letter provides notification that certain California local exchange subscribers of Comm South Companies, Inc. ("Comm South") have been transferred to AT&T.

Comm South was unable to continue providing its customers telecommunications service in the above-mentioned region. To prevent disconnection of service for Comm South, AT&T began providing Comm South customers local telephone service, for an interim period. AT&T provided these customers notice that they must select an alternative provider of telecommunications service or their service will be disconnected. The affected customers will be disconnected from AT&T on January 14, 2007. AT&T certifies that it has complied with the obligations specified in the notice and any other applicable statutory, Commission and Wireline Telecommunications Bureau requirements. Sample notification letters are attached hereto.

Should you have any questions, please do not hesitate to contact me.

Sincerely,

/s/ Dauida Grant

Dear NAME,

Until very recently, Comm South Companies, Inc. ("Comm South") had been providing your **local telephone service** (dial tone) over the resold facilities of AT&T California ("AT&T"). As you may be aware, Comm South is no longer able to provide your **local telephone service**.

But for the terms of the [tariff/agreement] governing Comm South's service to you, once Comm South's account with AT&T was disconnected, your **local telephone** service would have been disconnected, too. To prevent your service from being disconnected without notification to you, AT&T began providing local telephone service to you on December 14, 2006. You can continue receiving this service through January 14, 2007.

Important: To continue to receive service after January 14, 2007, you must arrange for service with one of the **local telephone service** providers in your area. Before that date, you must contact the provider you prefer to arrange for service. Contact numbers for the local telephone providers in your area are available in your local telephone directory. You must make arrangements with a provider before January 14, 2007 to avoid interruption of your service.

Should you wish to continue receiving AT&T service after January 14, 2007, please call our business office. The telephone number for the AT&T business office in your area is available in your AT&T White Pages directory.

Remember, you must act before January 14, 2007 to prevent a disruption in your **local telephone service**.

If you have changed your **local telephone service** provider since December 14, 2006, please disregard this letter. **If you have any questions regarding this letter please call 1-800-667-1086 .**

Sincerely,

Cheryl Becker
