

Dear FCC:

Please prevent big media from getting any bigger and instead encourage a more diverse, independent and minority ownership.

We are proud to support NPR and two local stations which are related to UW-Extension and UW-Milwaukee. Both have wonderful connections to our community; really home-town in flavor. My interest in public radio reaches back to programs to our home from WOI, Iowa State University in Ames. And too, WHO, WMT, and KWWL were commercial stations which were not part of a conglomerate and did service our community well.

There were GOOD old days!
