

To whom it may concern, I'm writing regarding the attempted shut down of the suicide prevention hotline. It is simply deplorable that this is being considered. So many people have nothing and no one on the holidays, and other times throughout the year as well. Imagine your son or daughter deciding they want to commit suicide and having no one to talk to. Do the right thing, keep the suicide prevention hotline open! Help save lives, instead of sending those in need away, to try and deal with such a crises on there own.
