SUPPLEMENT TO HEARING AID-COMPATIBILITY STATUS REPORT

December 29, 2006

**Litchfield County Cellular, Inc. d/b/a Ramcell of Oregon
Licensee of:**

**(OR5) Oregon 5 (B1) - Coos RSA
Call Sign: KNKN393**

Litchfield County Cellular, Inc. d/b/a Ramcell of Oregon ("Ramcell of Oregon") hereby amends its November 17, 2006 Hearing Aid-Compatibility ("HAC") Status Report.¹ Ramcell of Oregon is submitting this amendment in order to update the Commission on the current status of its efforts and progress toward compliance with the Commission's hearing aid-compatibility requirements and to ensure the completeness of its reports.

In its November 2006 Status Report, Ramcell of Oregon reported that it offers a total of 7 handset models for sale, and that 3 of those handset models are HAC compliant: Kyocera KX9b, Motorola V323, and Nokia 6015i. After filing the November 2006 Status Report, NCR1P learned of additional information concerning its handset offerings and determined that the Kyocera KX9b, Motorola V323, and Nokia 6015i are all M3-rated.² Ramcell of Oregon has also ordered two T4-rated handsets (the Motorola V323i and the Motorola V3c) from one of its vendors and expects to receive the Motorola V3c by January 12, 2007 and the Motorola V323i by January 31, 2007.

¹ See Hearing Aid-Compatibility Status Report of Litchfield County Cellular, Inc. d/b/a Ramcell of Oregon, ET Docket No. 01-309, (filed Nov. 17, 2006) ("November 2006 Status Report").

² Ramcell of Oregon also has a pending petition for limited waiver of the Commission's September 18, 2006 deadline for inductive coupling ("T-coil") requirements for HAC phones. See Amendment to Petition of Litchfield County Cellular, Inc. d/b/a Ramcell of Oregon for Limited Waiver of Section 20.19(d)(2) of the Commission's Rules, WT Docket No. 01-309 (filed Dec. 29, 2006). Ramcell of Oregon is seeking a limited waiver of Section 20.19(d)(2) until February 15, 2007 or until such time as it is able to offer two T-coil compliant handset models.
