

Dear FCC:

Please prevent big media from getting any bigger and instead encourage a more diverse, independent and minority ownership. If the rules are weakened, as they already have been for radio, more big media companies will be allowed to own both the largest newspaper and the largest television station in any city. Big broadcasters will be allowed to own nearly all of the TV stations in a small or medium sized city. That's bad for democracy; for arts and culture; and for the free exchange of ideas.

Thank you!
