

No More Media Consolidation

December 7, 2006

FCC

Dear FCC,

RE: Docket 06-121, Media Ownership Further Notice of Proposed Rulemaking

I strongly oppose any action by the Federal Communications Commission (FCC) to relax or eliminate media ownership limits.

Media consolidation is to blame for the decline in the quality and quantity of local news, the dearth of minority ownership in broadcasting, and the homogenization of programming on TV and radio. Allowing big media companies to own even more media outlets in our local communities will only exacerbate those problems.

Information -- from diverse, competitive and independent sources -- is vitally important to the health of our democracy. I urge you to hold the line against any further consolidation of our media, and to listen to the voices of the people -- not the media corporations -- on this critical issue.

Sincerely,

Jeffrey A. Mercer

Media Monopolies Harm Our Democracy

December 7, 2006

FCC

Dear FCC,

RE: Docket 06-121, Media Ownership Further Notice of Proposed Rulemaking

I strongly oppose any action by the Federal Communications Commission (FCC) to relax or eliminate media ownership limits.

I was fortunate to grow up near New York and had access to many (for the time) radio and TV signals. There was everything from the channel that played the same movie every night for a week to networks, and radio stations that played classical, rock, easy listening, talk, sports and a guy who sat behind a mic for 45 minutes each weekday night and told stories (Jean Shepherd). Today everything fits into several well defined formats and it all sounds the same where ever you go. Consolidation has certainly gone far enough, if not too far. There is room for many voices, and we need to hear them. We already know what the corporations and Rupert Murdoch think.

Media consolidation is to blame for the decline in the quality and quantity of local news, the dearth of minority ownership in broadcasting, and the homogenization of programming on TV and radio. Allowing big media companies to own even more media outlets in our local communities will only exacerbate those problems.

Information -- from diverse, competitive and independent sources -- is vitally important to the health of our democracy. I urge you to hold the line against any further consolidation of our media, and to listen to the voices of the people -- not the media corporations -- on this critical issue.

Media consolidation is to blame for the decline in the quality and quantity of local news, the dearth of minority ownership in broadcasting, and the homogenization of programming on TV and radio. Allowing big media companies to own even more media outlets in our local communities will only exacerbate those problems.

Information -- from diverse, competitive and independent sources -- is vitally important to the health of our democracy. I urge you to hold the line against any further consolidation of our media, and to listen to the voices of the people -- not the media corporations -- on this critical issue.

Sincerely,

Jeff Crane

FCC

Dear FCC,

RE: Docket 06-121, Media Ownership Further Notice of Proposed Rulemaking

As an individual citizen I strongly oppose any action by the Federal Communications Commission (FCC) to relax or eliminate media ownership limits.

There are many serious problems that result from media consolidation, for instance, a decline in the quality and quantity of local news, the dearth of minority ownership in broadcasting, and the homogenization of programming on TV and radio. Allowing big media companies to own even more media outlets in our local communities will only exacerbate those problems.

Information -- from diverse, competitive and independent sources -- is vitally important to the health of our democracy. I urge you to hold the line against any further consolidation of our media, and to listen to the voices of the people -- not the media corporations -- on this critical issue.

Dear FCC,

RE: Docket 06-121, Media Ownership Further Notice of Proposed Rulemaking

I strongly oppose any action by the Federal Communications Commission (FCC) to relax or eliminate media ownership limits.

Frankly, I believe that relaxing limits right now will point to more corruption in government--that is, in congress. Corporations are buying votes, and I have had it with both Republicans and Democrats giving handouts to media giants who, in turn, limit freedom of speech and limit what I can learn about the truth of government and the truth of events abroad.

You have a responsibility to the people, not to the merchants who fund your re-election. Try to behave like responsible officials and limit media ownership

Media Monopolies Harm Our Democracy

December 7, 2006

FCC

Dear FCC,

RE: Docket 06-121, Media Ownership Further Notice of Proposed Rulemaking

I strongly oppose any action by the Federal Communications Commission (FCC) to relax or eliminate media ownership limits.

Media consolidation is to blame for the decline in the quality and quantity of local news, the dearth of minority ownership in broadcasting, and the homogenization of programming on TV and radio. Allowing big media companies to own even more media outlets in our local communities will only exacerbate those problems.

Information -- from diverse, competitive and independent sources -- is vitally important to the health of our democracy. I urge you to hold the line against any further consolidation of our media, and to listen to the voices of the people -- not the media corporations -- on this critical issue.

Sincerely,

EVELYN EDELSTEIN
211 E 70th St
New York, NY 10021-5205

December 7, 2006

FCC

Dear FCC,

RE: Docket 06-121, Media Ownership Further Notice of Proposed Rulemaking

I strongly oppose any action by the Federal Communications Commission (FCC) to relax or eliminate media ownership limits.

Media consolidation is to blame for the decline in the quality and quantity of local news, the dearth of minority ownership in broadcasting, and the homogenization of programming on TV and radio.

Public frustration with news (mis)management is reflected in the rise of blogs, with the public often attaching more credence to bloggers than to network news. Allowing big media companies to own even more media outlets in local communities will only exacerbate those problems and reduce the credibility of the media still further.

The worst and most obvious consequence is the kremlinization of public information, with people selecting from a wide choice of rumours to inform their political thinking because the network media are seen as hopelessly corrupt. Information -- from diverse, competitive and independent sources -- is vitally important to the quality of public information and the development of democratic consensus.

I urge you to hold the line against any further consolidation of our media, and to listen to the voices of the people -- not the media corporations -- on this critical issue.

Sincerely,

Media Monopolies Harm Our Democracy

December 7, 2006

FCC

Dear FCC,

RE: Docket 06-121, Media Ownership Further Notice of Proposed Rulemaking

I strongly oppose any action by the Federal Communications Commission (FCC) to relax or eliminate media ownership limits.

Media consolidation is to blame for the decline in the quality and quantity of local news, the dearth of minority ownership in broadcasting, and the homogenization of programming on TV and radio. Allowing big media companies to own even more media outlets in our local communities will only exacerbate those problems.

Information -- from diverse, competitive and independent sources -- is vitally important to the health of our democracy. I urge you to hold the line against any further consolidation of our media, and to listen to the voices of the people -- not the media corporations -- on this critical issue.

Sincerely,

N. A. Aguado

December 7, 2006

FCC

Dear FCC,

RE: Docket 06-121, Media Ownership Further Notice of Proposed Rulemaking

Democracy works best when more individuals are allowed in the discussion. By allowing giant corporations to control more and more of the those outlets you reduce the number of voices that are able to participate, thereby hurting Democracy. Why do you hate democracy? Why do you hate America? I strongly oppose any action by the Federal Communications Commission (FCC) to relax or eliminate media ownership limits.

Media consolidation is to blame for the decline in the quality and quantity of local news, the dearth of minority ownership in broadcasting, and the homogenization of programming on TV and radio. Allowing big media companies to own even more media outlets in our local communities will only exacerbate those problems.

Information -- from diverse, competitive and independent sources -- is vitally important to the health of our democracy. I urge you to hold the line against any further consolidation of our media, and to listen to the voices of the people -- not the media corporations -- on this critical issue.

FCC

Dear FCC,

RE: Docket 06-121, Media Ownership Further Notice of Proposed Rulemaking

I strongly oppose any action by the Federal Communications Commission (FCC) to relax or eliminate media ownership limits.

I blame mass media, and particularly commercial television and radio for many of the ills of our society. It panders to the lowest common denominator and I am convinced contributes to "dumbing down" of those who consume it. We need to do more to make our media the best it can be, and that does not mean the most profitable it can be.

Media consolidation is to blame for the decline in the quality and quantity of local news, the dearth of minority ownership in broadcasting, and the homogenization of programming on TV and radio. Allowing big media companies to own even more media outlets in our local communities will only exacerbate those problems.

Information -- from diverse, competitive and independent sources -- is vitally important to the health of our democracy. I urge you to hold the line against any further consolidation of our media, and to listen to the voices of the people -- not the media corporations -- on this critical issue.

Media Consolidation Harms Us All

December 7, 2006

FCC

Dear FCC,

RE: Docket 06-121, Media Ownership Further Notice of Proposed Rulemaking

I strongly oppose any action by the Federal Communications Commission (FCC) to relax or eliminate media ownership limits.

Media consolidation is to blame for the decline in the quality and quantity of local news, the dearth of minority ownership in broadcasting, and the homogenization of programming on TV and radio. Allowing big media companies to own even more media outlets in our local communities will only exacerbate those problems.

Information -- from diverse, competitive and independent sources -- is vitally important to the health of our democracy. I urge you to hold the line against any further consolidation of our media, and to listen to the voices of the people -- not the media corporations -- on this critical issue.

Sincerely,

Catherine Caporusso

Please vote against Media Consolidation

December 7, 2006

FCC

Dear FCC,

We have gone much too far with media consolidation. As it is, the original mandate of the government to serve the public purpose has almost disappeared.

So, with regard to ' Docket 06-121, Media Ownership Further Notice of Proposed Rulemaking : I am against eliminating media ownership limits. , which are healthy for us all.

We need information and reporting!

John Watson

December 7, 2006

FCC

Dear FCC,

RE: Docket 06-121, Media Ownership Further Notice of Proposed Rulemaking

I strongly oppose any action by the Federal Communications Commission (FCC) to relax or eliminate media ownership limits.

There has been a marked decline in the quality and quantity of local news as minority ownership in printed and broadcast news organization has waned. Allowing large corporate media companies to own even more outlets in local communities will only make these problems worse.

It has become harder and harder to find information from diverse, competitive and independent sources; information that is vitally important to the health of our democracy. I urge you to hold the line against any further consolidation of our media, and to listen to the voices of individuals on this critical issue.

Dear FCC,

RE: Docket 06-121, Media Ownership Further Notice of Proposed Rulemaking

I strongly oppose any action by the Federal Communications Commission (FCC) to relax or eliminate media ownership limits.

Media consolidation is to blame for the decline in the quality and quantity of local news, the dearth of minority ownership in broadcasting, and the homogenization of programming on TV and radio. Allowing big media companies to own even more media outlets in our local communities will only exacerbate those problems.

Information -- from diverse, competitive and independent sources -- is vitally important to the health of our democracy. I urge you to hold the line against any further consolidation of our media, and to listen to the voices of the people -- not the media corporations -- on this critical issue.

Sincerely,

Stephanie Pacheco

December 7, 2006

FCC

Dear FCC,

RE: Docket 06-121, Media Ownership Further Notice of Proposed Rulemaking

I strongly oppose any action by the Federal Communications Commission (FCC) to relax or eliminate media ownership limits.

By observing the effects of such ownership on daily newspapers, even large metro dailies, anyone can see that the dearth of competition has reduced the perimeters of free speech and silenced dissent.

News and opinion should not be controlled by any single entity or by any collection of single entities. Without a free press, the very elements of our freedom and democratic system are threatened. Even amateur historians recognize the power of an uncontrolled press in determining and even inspiring the struggle for freedom and liberty from the earliest days of the Republic on. Allowing single ownership to flourish reduces those impulses if it doesn't eliminate them.

I urge you to maintain a vigilance against the possibility of a monopolized media and press. We must always be on guard against the forces that would challenge or destroy our right to free expression.

Sincerely,

R. C. Reynolds

Media Monopolies Harm Our Democracy

December 7, 2006

FCC

Dear FCC,

RE: Docket 06-121, Media Ownership Further Notice of Proposed Rulemaking

I strongly oppose any action by the Federal Communications Commission (FCC) to relax or eliminate media ownership limits.

Media consolidation is to blame for the decline in the quality and quantity of local news, the dearth of minority ownership in broadcasting, and the homogenization of programming on TV and radio. Allowing big media companies to own even more media outlets in our local communities will only exacerbate those problems.

Information -- from diverse, competitive and independent sources -- is vitally important to the health of our democracy. I urge you to hold the line against any further consolidation of our media, and to listen to the voices of the people -- not the media corporations -- on this critical issue.

Sincerely,

Carole Guttilla

Media consolidation is to blame for the decline in the quality and quantity of local news, the dearth of minority ownership in broadcasting, and the homogenization of programming on TV and radio. Allowing big media companies to own even more media outlets in our local communities will only exacerbate those problems.

Information -- from diverse, competitive and independent sources -- is vitally important to the health of our democracy. I urge you to hold the line against any further consolidation of our media, and to listen to the voices of the people -- not the media corporations -- on this critical issue.

Sincerely,

Frank C. & Lori A. Anderson

FCC

Dear FCC,

RE: Docket 06-121, Media Ownership Further Notice of Proposed Rulemaking

I strongly oppose any action by the Federal Communications Commission (FCC) to relax or eliminate media ownership limits.

Media consolidation is to blame for the decline in the quality and quantity of local news, the dearth of minority ownership in broadcasting, and the homogenization of programming on TV and radio. Allowing big media companies to own even more media outlets in our local communities will only exacerbate those problems.

Information -- from diverse, competitive and independent sources -- is vitally important to the health of our democracy. I urge you to hold the line against any further consolidation of our media, and to listen to the voices of the people -- not the media corporations -- on this critical issue.

Sincerely,

Mark & Marcie Harris

Don't relax media ownership limits...

December 7, 2006

FCC

Dear FCC,

While it's tempting to allow large media companies - who already have the infrastructure and contacts in place - to help and or take over smaller media, and to grow without limit, it is not good in the long run.

Single ownership of all that media puts a lot of power in one company's hands, power that better serves the public when spread out regionally or demographically.

It would be like having a single political party... seems great if it's YOUR political party, but not so good for the nation as a whole.

This is in reference to Docket 06-121, "Media Ownership Further Notice of Proposed Rulemaking"

Sincerely,

Bergen Moore

Its clear to any objective person the motivations for these consolidations and the ultimate "price" the public will pay. Sadly - at the core of the "competitive" corporate spirit in our nation - legislation seems to be the only way to legalize seizure of the market place. And that is really sad.

I strongly oppose any action by the Federal Communications Commission (FCC) to relax or eliminate media ownership limits.

Media consolidation is to blame for the decline in the quality and quantity of local news, the dearth of minority ownership in broadcasting, and the homogenization of programming on TV and radio. Allowing big media companies to own even more media outlets in our local communities will only exacerbate those problems.

Information -- from diverse, competitive and independent sources -- is vitally important to the health of our democracy. I urge you to hold the line against any further consolidation of our media, and to listen to the voices of the people -- not the media corporations -- on this critical issue.

Sincerely,

Sherry L. Cushman

No More Media Consolidation

December 7, 2006

FCC

Dear FCC,

RE: Docket 06-121, Media Ownership Further Notice of Proposed Rulemaking

I strongly oppose any action by the Federal Communications Commission (FCC) to relax or eliminate media ownership limits.

Media consolidation is to blame for the decline in the quality and quantity of local news, the dearth of minority ownership in broadcasting, and the homogenization of programming on TV and radio. Allowing big media companies to own even more media outlets in our local communities will only exacerbate those problems.

Information -- from diverse, competitive and independent sources -- is vitally important to the health of our democracy. I urge you to hold the line against any further consolidation of our media, and to listen to the voices of the people -- not the media corporations -- on this critical issue.

Sincerely,

Lester Kushner

FCC

Dear FCC,

RE: Docket 06-121, Media Ownership Further Notice of Proposed Rulemaking

I strongly oppose any action by the Federal Communications Commission (FCC) to relax or eliminate media ownership limits.

Media consolidation is to blame for the decline in the quality and quantity of local news, the dearth of minority ownership in broadcasting, and the homogenization of programming on TV and radio. Allowing big media companies to own even more media outlets in our local communities will only exacerbate those problems. In Boston, where I work, local media are vitally important for communities that have limited ways of representing themselves, their issues, their ideas, in the media. The loss of, or reduction of resources to, these media outlets would be devastating to our neighborhoods.

Information -- from diverse, competitive and independent sources -- is vitally important to the health of our democracy. I urge you to hold the line against any further consolidation of our media, and to listen to the voices of the people -- not the media corporations -- on this critical issue.

I strongly oppose any action by the Federal Communications Commission (FCC) to relax or eliminate media ownership limits & I SUPPORT THE RETURN OF THE FAIRNESS DOCTRINE!

THE CONGLOMERATE MEDIA APPARATCHIK IS MORE CONCERNED WITH PROFITS - NO MATTER HOW SORDID, SQUALID, BLATANT (WAR OR POLITICAL) PROMOTION, or UNSUBSTANTIAL THE CONTENT - THAN IN REPORTING ACCURATE NEWS AND INTERVIEWING KNOWLEDGEABLE ACADEMIC EXPERTS. GE NOT ONLY OWNS NBC, MSNBC, CNBC, etc., IT IS A WAR PROFITEER THAT HAS BENEFITTED GREATLY FROM THE DEBACLES OF IRAQ & AFGHANISTAN - AND "SOLD" THE CAUSE FOR WAR THROUGH ITS BROADCAST APPARATCHIKS. VIACOM SELLS ITS SIMON & SHUSTER PUBLISHED BOOKS THROUGH "INDEPENDENT REPORTING" OF ITS 60 MINUTES PROGRAM. CNN'S BECK QUESTIONS A BLACK AMERICAN NEWLY-ELECTED CONGRESSMAN IF HE'S A TERRORIST, JUST BECAUSE HE FOLLOWS THE MUSLIM RELIGION. AMERICAN CONGLOMERATE MEDIA APPARATCHIK IS NO BETTER THAN INVESTIA OR PRAVDA! FCC - DO YOUR JOB!

Media consolidation is to blame for the decline in the quality and quantity of local news, the dearth of minority ownership in broadcasting, and the homogenization of programming on TV and radio. Allowing big media companies to own even more media outlets in our local communities will only exacerbate those problems.

"big media" means less informatoin

December 7, 2006

FCC

Dear FCC,

RE: Docket 06-121, Media Ownership Further Notice of Proposed Rulemaking

I oppose any action by the Federal Communications Commission (FCC) to relax or eliminate media ownership limits.

Media consolidation ihas caused a sharp and rapid decline in the quality and quantity of local news ("rea" news; not news about movies and celebrities), the dearth of minority ownership in broadcasting, and the homogenization of programming on TV and radio. Allowing big media companies to own even more media outlets in our local communities will exacerbate those problems--as hard as it is to believe it could get worse, it would.

Information from diverse, competitive and independent sources is critical to the health of our democracy--and democracy. You must hold the line against any further consolidation of our media, and to listen to the voices of the people--NOT the media corporations who propose it for profit--on this critical issue. The citizens of America own the airwaves; it's time to remember that and act accordingly.

Sincerely,

Kate Tews

FCC

Dear FCC,

RE: Docket 06-121, Media Ownership Further Notice of Proposed Rulemaking

I strongly oppose any action by the Federal Communications Commission (FCC) to relax or eliminate media ownership limits.

Here in Rhode Island one of our major radio stations is being taken over by Clear Channel and in the process they are cancelling a local talk show host and replacing her with a syndicated show that Clear Channel owns. This type of programming only promises to diminish the quality and effectiveness of our "local" radio listening.

Media consolidation is to blame for the decline in the quality and quantity of local news, the dearth of minority ownership in broadcasting, and the homogenization of programming on TV and radio. Allowing big media companies to own even more media outlets in our local communities will only exacerbate those problems.

Information -- from diverse, competitive and independent sources -- is vitally important to the health of our democracy. I urge you to hold the line against any further consolidation of our media, and to listen to the voices of the people -- not the media corporations -- on this critical issue.

December 7, 2006

FCC

Dear FCC,

RE: Docket 06-121, Media Ownership Further Notice of Proposed Rulemaking

I strongly oppose any action by the Federal Communications Commission (FCC) to relax or eliminate media ownership limits.

Media consolidation is to blame for the decline in the quality and quantity of local news, the dearth of minority ownership in broadcasting, and the homogenization of programming on TV and radio. Allowing big media companies to own even more media outlets in our local communities will only exacerbate those problems.

Information -- from diverse, competitive and independent sources -- is vitally important to the health of our democracy. I urge you to hold the line against any further consolidation of our media, and to listen to the voices of the people -- not the media corporations -- on this critical issue.

Sincerely,

John and Shirley DeSimone
5601 Langdon Ct
Richmond, VA 23225-2568

Media consolidation is to blame for the decline in the quality and quantity of local news, the dearth of minority ownership in broadcasting, and the homogenization of programming on TV and radio. Allowing big media companies to own even more media outlets in our local communities will only exacerbate those problems.

Information -- from diverse, competitive and independent sources -- is vitally important to the health of our democracy. I urge you to hold the line against any further consolidation of our media, and to listen to the voices of the people -- not the media corporations -- on this critical issue.

Sincerely,

Timothy O. Bryan

Do Not Relax Media Ownership Limits

December 7, 2006

FCC

Dear FCC,

RE: Docket 06-121, Media Ownership Further Notice of Proposed Rulemaking

I strongly oppose any action by the Federal Communications Commission (FCC) to relax or eliminate media ownership limits.

During my lifetime, the quality of the (non-internet) media has declined precipitously. As an attorney and civil libertarian who strongly supports the First Amendment, I regret that our public airwaves are used so seldom in a manner that actually informs people about the important issues of our times. I believe that media consolidation is at least partly to blame for this decline. If big media companies are allowed to own even more media outlets in our local communities, the result will be only further deterioration in the quality of information over the public airwaves.

Information -- from diverse, competitive and independent sources -- is vitally important to the health of our democracy. I urge you to hold the line against any further consolidation of our media, and to listen to the voices of the people -- not the media corporations -- on this critical issue.

Sincerely,

Donna L. Palermino

Dear FCC,

RE: Docket 06-121, Media Ownership Further Notice of Proposed Rulemaking

I strongly oppose any action by the Federal Communications Commission (FCC) to relax or eliminate media ownership limits.

I do not shop at Walmart because I feel that big box retail is wrong. Any business that control 20% of retail transactions violates anti-trust. The situation with media consolidation is even more alarming. Only a casual glance at current problems with profitability show clearly that bigger is not profitable. Add to that the monopoly control over news and the power of big advertisers for our shopping mentality make this FCC action really objectionable. I live in a rural area that used to have rural newspapers and TV stations. I can tell you that they are gone and I do not like it. If anything the FCC should go back to old rules that forced the big guys to not be predators.

Media consolidation is to blame for the decline in the quality and quantity of local news, the dearth of minority ownership in broadcasting, and the homogenization of programming on TV and radio. Allowing big media companies to own even more media outlets in our local communities will only exacerbate those problems.

Information -- from diverse, competitive and independent sources -- is vitally important to the health of our democracy. I urge you to hold the line against any further consolidation of our media, and to listen to the voices of the people -- not the media corporations -- on this critical issue.

I strongly oppose any action by the Federal Communications Commission (FCC) to relax or eliminate media ownership limits.

I have had a terrible cold for three days so I've watched a lot of TV and searched the radio bands. It's pathetic to see how much money and flash goes into making so little content.

The top news story is a young man who died tragically in Oregon, not the hundreds who died in Iraq in these days, not the ratification of Gates for Secretary, not global warming... In short, the lack of news departments in the major networks and local stations is another tragedy. It is clear that high finance deals and consolidations do not serve the citizens of a democracy.

I urge you to hold the line against any further consolidation of our media, and to listen to the voices of the people -- not the media corporations -- on this critical issue.

Media consolidation is to blame for the decline in the quality and quantity of local news, the dearth of minority ownership in broadcasting, and the homogenization of programming on TV and radio. Allowing big media companies to own even more media outlets in our local communities will only exacerbate those problems.

Information -- from diverse, competitive and independent sources -- is vitally important to the health of our democracy. I urge you to hold the line against any further consolidation of our media, and to listen to the voices of the people -- not the media corporations -- on this critical issue.

Sincerely,

Nancy Friedel

FCC

Dear FCC,

RE: Docket 06-121, Media Ownership Further Notice of Proposed Rulemaking

I strongly oppose any action by the Federal Communications Commission (FCC) to relax or eliminate media ownership limits.

Orwell warned us about the effects of "big brother" controlling our lives. How is this different that the state of "the free press" should be in the hands of a few wealthy conglomerates? Doesn't this strike you as "not free"? Do you side with Big Brother? What's next?

Sincerely,

Carol Fendt

Big Media is Bad News

December 7, 2006

FCC

Dear FCC,

RE: Docket 06-121, Media Ownership Further Notice of Proposed Rulemaking

I don't think relaxation by the FCC to relax or eliminate media ownership limits is a good idea.

It seems there has already been enough media consolidation to cause some decline in the quality and quantity of local news. Let's not have any media "WalMarts" deciding what news to sell us; we need as diverse an input as possible.

Some might say, "You want diversity, read the blogs!" but that's a step to far in the other direction. I hope we can maintain a happy medium

Sincerely,

Gerald B. Mathias

Dear FCC,

RE: Docket 06-121, Media Ownership Further Notice of Proposed Rulemaking

I strongly oppose any action by the Federal Communications Commission (FCC) to relax or eliminate media ownership limits.

Media consolidation is to blame for the decline in the quality and quantity of local news, the dearth of minority ownership in broadcasting, and the homogenization of programming on TV and radio. Allowing big media companies to own even more media outlets in our local communities will only exacerbate those problems.

There is some ridiculous myth, propagated by conservative and far-right-wing politicians over the past 20 years that there is a "liberal media." Not only is this far from the truth, but it has allowed right wing zealots and big money conservatives to gain more and more control of the media over the years in an effort to regulate what the American people see and hear in the media. Allowing more of this media consolidation is insane policy. It basically will result in the destruction of any kind of intellectual honesty and real reporting/news in this country.

Information -- from diverse, competitive and independent sources -- is vitally important to the health of our democracy. I urge you to hold the line against any further consolidation of our media, and to listen to the voices of the people -- not the media corporations -- on this critical issue.

FCC

Dear FCC,

RE: Docket 06-121, Media Ownership Further Notice of Proposed Rulemaking

I strongly oppose any action by the Federal Communications Commission (FCC) to relax or eliminate media ownership limits.

Media consolidation is to blame for the decline in the quality and quantity of local news, the dearth of minority ownership in broadcasting, and the homogenization of programming on TV and radio. Allowing big media companies to own even more media outlets in our local communities will only exacerbate those problems.

Information -- from diverse, competitive and independent sources -- is vitally important to the health of our democracy. I urge you to hold the line against any further consolidation of our media, and to listen to the voices of the people -- not the media corporations -- on this critical issue.

Sincerely,

daniel saltz

Dear FCC,

RE: Docket 06-121, Media Ownership Further Notice of Proposed Rulemaking

I strongly oppose any action by the Federal Communications Commission (FCC) to relax or eliminate media ownership limits.

Media consolidation is to blame for the decline in the quality and quantity of local news, the dearth of minority ownership in broadcasting, and the homogenization of programming on TV and radio. Allowing big media companies to own even more media outlets in our local communities will only exacerbate those problems.

In my area, the fallout is already evident.

Our NBC & Fox affiliates share a news broadcast.

CBS & ABC share a single newscast.

The same owners of the CBS affiliate also own one of the local newspapers, in fact, they already shared ownership before it was even legal. Enough is enough.

Information -- from diverse, competitive and independent sources -- is vitally important to the health of our democracy. I urge you to hold the line against any further consolidation of our media, and to listen to the voices of the people -- not the media corporations -- on this critical issue.

I will continue to seek out information sources for my news that are not affiliated with the mainstream media.

Media consolidation is to blame for the decline in the quality and quantity of local news, the dearth of minority ownership in broadcasting, and the homogenization of programming on TV and radio. Allowing big media companies to own even more media outlets in our local communities will only exacerbate those problems.

Information -- from diverse, competitive and independent sources -- is vitally important to the health of our democracy. I urge you to hold the line against any further consolidation of our media, and to listen to the voices of the people -- not the media corporations -- on this critical issue.

Sincerely,

Chris Cox

Media Monopolies Damaaging Our Democracy

December 7, 2006

FCC

Dear FCC,

RE: Docket 06-121, Media Ownership Further Notice of Proposed Rulemaking

I strongly oppose any action by the Federal Communications Commission (FCC) to relax or eliminate media ownership limits. In fact, I feel it is vital to our democracy to end the current media monopolies that exist in America today.

Media consolidation is to blame for the incredible decline in the quality and quantity of local news, the dearth of minority ownership in broadcasting, and the homogenization of programming on TV and radio. American citizens are routinely being "dumbed down". Allowing big media companies to own even more media outlets in our local communities will only exacerbate those problems.

As Thomas Jefferson pointed out, information -- from diverse, competitive and independent sources -- is vitally important to the health of our democracy. I strongly urge you to hold the line against any further consolidation of our media, and to listen to the voices of the people -- not the media corporations -- on this critical issue.

Consolidation of the Media

December 7, 2006

FCC

Dear FCC,

RE: Docket 06-121, Media Ownership Further Notice of Proposed Rulemaking

It is EXTREMELY IMPORTANT FOR OUR DEMOCRACY that Congress take action to STOP THE CONSOLIDATION OF THE MEDIA. Putting our public discourse in the hands of very few people/entities is a PRESCRIPTION FOR THE DEMISE OF OUR NATION. An open and free conversation that includes many diverse voices is WHAT THE FOUNDING FATHERS INTENDED. I strongly oppose any action by the Federal Communications Commission (FCC) to relax or eliminate media ownership limits.

Media consolidation is to blame for the decline in the quality and quantity of local news, the dearth of minority ownership in broadcasting, and the homogenization of programming on TV and radio. Allowing big media companies to own even more media outlets in our local communities will only exacerbate those problems. THIS PROBLEM IS WORSE THAN CONGRESS PROBABLY KNOWS. SPEAK WITH PEOPLE AT THE BOTTOM OF THE MEDIA HIERARCHY AND YOU WILL FIND OUT THAT THEY ARE BEING CENSORED!!!

Information -- from diverse, competitive and independent sources -- is vitally important to the health of our democracy. I STRONGLY urge you to hold the line against any further consolidation of our media, and to listen to the voices of the people -- not the media corporations -- on this critical issue.

Sincerely,

Media consolidation is to blame for the decline in the quality and quantity of local news, the dearth of minority ownership in broadcasting, and the homogenization of programming on TV and radio. Allowing big media companies to own even more media outlets in our local communities will only exacerbate those problems.

Information -- from diverse, competitive and independent sources -- is vitally important to the health of our democracy. I urge you to hold the line against any further consolidation of our media, and to listen to the voices of the people -- not the media corporations -- on this critical issue.

Sincerely,

Lesa Musick

Big Media is Bad News

December 7, 2006

FCC

Dear FCC,

RE: Docket 06-121, Media Ownership Further Notice of Proposed Rulemaking

I strongly oppose any action by the Federal Communications Commission (FCC) to relax or eliminate media ownership limits. There is already enough media consolidation, and it makes it harder for people like myself who try to become media as well, to get anywhere.

Media consolidation is to blame for the decline in the quality and quantity of local news, the dearth of minority ownership in broadcasting, and the homogenization of programming on TV and radio. Allowing big media companies to own even more media outlets in our local communities will only exacerbate those problems and arguably lead to more problems of ignorance and lack of independent thought and activity.

Information -- from diverse, competitive and independent sources -- is vitally important to the health of our democracy. I urge you to hold the line against any further consolidation of our media, and to listen to the voices of the people -- not the media corporations -- on this critical issue.

I strongly oppose any action by the Federal Communications Commission (FCC) to relax or eliminate media ownership limits.

Media consolidation is to blame for the decline in the quality and quantity of local news, the dearth of minority ownership in broadcasting, and the homogenization of programming on TV and radio. Allowing big media companies to own even more media outlets in our local communities will only exacerbate those problems.

Information -- from diverse, competitive and independent sources -- is vitally important to the health of our democracy. I urge you to hold the line against any further consolidation of our media, and to listen to the voices of the people -- not the media corporations -- on this critical issue.

Sincerely,

Jim Martindale

Media consolidation is to blame for the decline in the quality and quantity of local news, the dearth of minority ownership in broadcasting, and the homogenization of programming on TV and radio. Allowing big media companies to own even more media outlets in our local communities will only exacerbate those problems.

Information -- from diverse, competitive and independent sources -- is vitally important to the health of our democracy. I urge you to hold the line against any further consolidation of our media, and to listen to the voices of the people -- not the media corporations -- on this critical issue.

Sincerely,

Charlotte Arceneaux

I strongly oppose any action by the Federal Communications Commission (FCC) to relax or eliminate media ownership limits.

Media consolidation is to blame for the decline in the quality and quantity of local news, the dearth of minority ownership in broadcasting, and the homogenization of programming on TV and radio. Allowing big media companies to own even more media outlets in our local communities will only exacerbate those problems.

Information -- from diverse, competitive and independent sources -- is vitally important to the health of our democracy. I urge you to hold the line against any further consolidation of our media, and to listen to the voices of the people -- not the media corporations -- on this critical issue.

Sincerely,

Kenneth E Barber

December 7, 2006
FCC

Dear FCC,

RE: Docket 06-121, Media Ownership Further Notice of Proposed Rulemaking

I strongly oppose any action by the Federal Communications Commission (FCC) to relax or eliminate media ownership limits.

We need fresh, innovative voices--the young, the not-so rich, the unusual, to keep our country vibrant and strong.

I worry about too much thought control, too much sameness, too much imitation.

For example, reality tv is all the rage, but many of us find it inane. We'd rather have good, well-written drama which employs writers and actors.

I urge you to hold the line against any further consolidation of our media, and to listen to the voices of the people -- not the media corporations -- on this critical issue.

I strongly oppose any action by the Federal Communications Commission (FCC) to relax or eliminate media ownership limits.

Media consolidation is to blame for the decline in the quality and quantity of local news, the dearth of minority ownership in broadcasting, and the homogenization of programming on TV and radio. Allowing big media companies to own even more media outlets in our local communities will only exacerbate those problems.

Information -- from diverse, competitive and independent sources -- is vitally important to the health of our democracy. I urge you to hold the line against any further consolidation of our media, and to listen to the voices of the people -- not the media corporations -- on this critical issue.

Sincerely,

Barbara Hemmings Gray

Media consolidation is to blame for the decline in the quality and quantity of local news, the dearth of minority ownership in broadcasting, and the homogenization of programming on TV and radio. Allowing big media companies to own even more media outlets in our local communities will only exacerbate those problems.

Information -- from diverse, competitive and independent sources -- is vitally important to the health of our democracy. I urge you to hold the line against any further consolidation of our media, and to listen to the voices of the people -- not the media corporations -- on this critical issue.

Sincerely,

Rosemary Lucas

FCC

Dear FCC,

RE: Docket 06-121, Media Ownership Further Notice of Proposed Rulemaking

I strongly oppose any action by the Federal Communications Commission (FCC) to relax or eliminate media ownership limits.

Media consolidation is to blame for the decline in the quality and quantity of local news, the dearth of minority ownership in broadcasting, and the homogenization of programming on TV and radio. Allowing big media companies to own even more media outlets in our local communities will only exacerbate those problems.

Information -- from diverse, competitive and independent sources -- is vitally important to the health of our democracy. I urge you to hold the line against any further consolidation of our media, and to listen to the voices of the people -- not the media corporations -- on this critical issue.

Sincerely,

Karen Beall

FCC

Dear FCC,

RE: Docket 06-121, Media Ownership Further Notice of Proposed Rulemaking

I strongly oppose any action by the Federal Communications Commission (FCC) to relax in any way media ownership limits.

I feel that media consolidation is to blame for the decline in the quality and quantity of local news, the dearth of objective reporting, and the homogenization of programming on TV and radio. Allowing big media companies to own even more media outlets in our local communities will only exacerbate those problems.

Information from diverse, competitive and independent sources is vitally important to the health of our democracy. I urge you to hold the line against any further consolidation of our media, and to listen to the voices of the people -- not the media corporations -- on this critical issue.

Sincerely,

James P. Harrison

RE: Docket 06-121, Media Ownership Further Notice of Proposed Rulemaking

I strongly oppose any action by the Federal Communications Commission (FCC) to relax or eliminate media ownership limits.

Media consolidation is to blame for the decline in the quality and quantity of local news, the dearth of minority ownership in broadcasting, and the homogenization of programming on TV and radio. Allowing big media companies to own even more media outlets in our local communities will only exacerbate those problems.

Information -- from diverse, competitive and independent sources -- is vitally important to the health of our democracy. I urge you to hold the line against any further consolidation of our media, and to listen to the voices of the people -- not the media corporations -- on this critical issue.

Sincerely,

Paul Jennette

RE: Docket 06-121, Media Ownership Further Notice of Proposed Rulemaking

I strongly oppose any action by the Federal Communications Commission (FCC) to relax or eliminate media ownership limits.

Media consolidation is to blame for the decline in the quality and quantity of local news, the dearth of minority ownership in broadcasting, and the homogenization of programming on TV and radio. Allowing big media companies to own even more media outlets in our local communities will only exacerbate those problems.

Information -- from diverse, competitive and independent sources -- is vitally important to the health of our democracy. I urge you to hold the line against any further consolidation of our media, and to listen to the voices of the people -- not the media corporations -- on this critical issue.

Sincerely,

John Fineberg

FCC

Dear FCC,

RE: Docket 06-121, Media Ownership Further Notice of Proposed Rulemaking

I strongly oppose any action by the Federal Communications Commission (FCC) to relax or eliminate media ownership limits.

I'm a member of the Kickapoo Tribe of Oklahoma and live in Los Angeles, CA -- a very media saturated town. It's tough enough for me to get news about the Native America from sources within my community let alone ever see or hear a segment about Native people on the major news outlets.

Media consolidation is to blame for the decline in the quality and quantity of local news, the dearth of minority ownership in broadcasting, and the homogenization of programming on TV and radio.

Allowing big media companies to own even more media outlets in our local communities will only exacerbate those problems.

Information -- from diverse, competitive and independent sources -- is vitally important to the health of our democracy. I urge you to hold the line against any further consolidation of our media, and to listen to the voices of the people -- not the media corporations -- on this critical issue.

RE: Docket 06-121, Media Ownership Further Notice of Proposed Rulemaking

I strongly oppose any action by the Federal Communications Commission (FCC) to relax or eliminate media ownership limits.

Media consolidation is to blame for the decline in the quality and quantity of local news, the dearth of minority ownership in broadcasting, and the homogenization of programming on TV and radio. Allowing big media companies to own even more media outlets in our local communities will only exacerbate those problems.

Information -- from diverse, competitive and independent sources -- is vitally important to the health of our democracy. I urge you to hold the line against any further consolidation of our media, and to listen to the voices of the people -- not the media corporations -- on this critical issue.

Sincerely,

Marc Weber

No More Media Consolidation

December 7, 2006

FCC

Dear FCC,

RE: Docket 06-121, Media Ownership Further Notice of Proposed Rulemaking

in contrast to what is proposed, i strongly and ardently oppose any further media consolidation. one of the primary tenets of democracy is freedom of the press, which is greatly threatened as the number of varying press sources continues to dwindle.

personally, further media consolidation will prevent me from furthering my progress as an independent businessman. i am not out to rule the world... i simply need my piece (tiny sliver) of the pie to survive. if there is further media consolidation, i will have fewer outlets, perhaps someday slowing to none, to market and sell my work in. in essence, further media consolidation would prevent me the american ideal of providing a life for myself that i have created through hardwork and an entreunprenerial spirit.

please do your duty to regulate those who would have us believe that media consolidation is harmless. quite to the contrary! it is another threat to the constitutionally based ideals of american society and democracy...

please do your duty
do not allow further media consolidation
do your duty
you are the one who must stare yourself in the eye in the mirror in the morning...

thank you

Sincerely,

kevin lange

Dear FCC,

RE: Docket 06-121, Media Ownership Further Notice of Proposed Rulemaking

I strongly oppose any action by the Federal Communications Commission (FCC) to relax or eliminate media ownership limits.

Media consolidation is to blame for the decline in the quality and quantity of local news, the dearth of minority ownership in broadcasting, and the homogenization of programming on TV and radio. Allowing big media companies to own even more media outlets in our local communities will only exacerbate those problems.

Information -- from diverse, competitive and independent sources -- is vitally important to the health of our democracy. I urge you to hold the line against any further consolidation of our media, and to listen to the voices of the people -- not the media corporations -- on this critical issue.

Sincerely,

Heather Abbott
