CC Docket No. 02_6

This letter is an appeal from the Wolfe County School District for BEN number 128910.

Form 471 Application Number 504750

Funding Request Number: 1457775

Funding Status: Not Funded

Category of Service: Internet Access

For 470 Application Number: 123120000571276

SPIN: 143001575

Service Provider Name: Mountain Rural Telephone Cooperative Corp., Inc.

Contract Number: FOC121204

Funding Commitment Decision Explanation: The 470 cited did not include service of this type; therefore it does not meet the 28 day competitive bidding requirement.

I mistakenly stated on the Category of Service being Internet Access when it should have been Telecommunications – Wide Area Network Service. It is a fiber connection linking our schools and central office(hub site) together which is our network connection. Please reconsider our funding this was my first year filling for funding on behalf of our school district and we really need the money.

On my form 470 Block 2: Summary Description of Needs or Services Requested in the section for Service or Function and Quantity and/or Capacity I requested Managed High Speed Data Service/Leased and 5 circuits/data line each gigabit. This is gigabit internet access for each of the five schools in my district. It was my understanding and still is that I am applying for Managed High Speed Data Service/ Leased for 5 circuits/data line each gigabit for funding request number 1457775. Please reconsider your decision and fund our district for high speed gigabit internet/data service.
