Office of the Secretary

I live in the Southern California area and I feel that captioning is important to us the hard of hearing. Caption is not expensive it can be done for as little as 60 dollars an hour out sourced. In house after an intial investment of 2-3,000 dollars the on thin it would cost is time from a staff member of the church.

As for a business there is no excuse for no captions! They need to figure it into the production costs. Even the smallest real estate show can afford \$60 for 30 minutes of captioning.

Moline Schrader

People who are deaf or hard of hearing want access to televised information and entertainment, just like everyone else.

Closed captioning is an essential part of any televised program. Captioning is not too difficult or too expensive.

I cannot watch television programs that are not captioned.

Office of the Secretary

Dear Monica Desai,

I protest the FCC approval of almost 300 requests for new programs to be shown without closed captions.

The FCC weakened the closed captioning rules, and appears to have created new standards and new rules for permitting programs to be televised without closed captions. I believe the FCC violated the closed captioning rules.

People who are deaf or hard of hearing want access to televised information and entertainment, just like everyone else.

Closed captioning is an essential part of any televised program. Captioning is not too difficult or too expensive.

I cannot watch television programs that are not captioned.

Please reconsider these FCC decisions and support closed captioning.

Sincerely,

Theresa Quin

To whom this concerns:

I am e-mailing to file my objections to petitions for educational television programming to be shown without close captioned and to object to the following petitions filed with FCC for the educational programmings.

- Educational - AZ - Scottsdale - Maricopa Community Colleges Television (CGB-CC-0064)
- Educational - CA - Los Angeles - The Los Angeles Unified School District (CGB-CC-0269)
- Educational - CA - San Carlos - Peninsula TV (CGB-CC-0246)
- Educational - FL - Hallandale - On Stage (CSR 6547)
- Educational - FL - Tallahassee - Florida Knowledge Network (CGB-CC-0048)
- Educational - LA - Metairie - Community Television Inc.(CGB-CC-0577)
- Educational - OR - Portland - Parenting Today Television Show (CGB-CC-0027)
- Educational - TN - Memphis - National Television Education Foundation Inc. "We Are Tomorrow...R-U?" (CGB-CC-0022) (Temporary)

Granting the petitions would deny students who are deaf or hard of hearing educational access to televised information and entertainment. It would also impose a greater financial burden on the school districts as they would need to hire interpreters to interpret the school programs if any are shown at schools. I find it quite ironical that they are attempting to "save money" by sacrificing the quality of education for students who are deaf and hard of hearing.

Thank you,
Tiffany A. Green
