This is a citizen comment submitted to the FCC regarding the Comcast/Time Warner/Adelphia merger (FCC Docket No. 05-192) Submitted by:

Name: Carol Holm

35 Hill Farm Way
Woolwich, NJ 08085
856-241-8856
cholm@aaamidatlantic.com

COMMENT:

As a resident of a Philadelphia suburb, I am writing to challenge the Comcast/Time Warner/Adelphia merger (FCC Docket No. 05-192). This merger will result in Comcast's monopoly control of my city's television, which will make the current problems with my local TV even worse.

If Comcast's hoarding of their broadcasts of our local sports teams are any measure, they would use the increased power of this merger to limit competition, raise their prices, and provide bad customer service.

If you approve the merger, please require Comcast to share its regional sports programming with competing services like satellite television providers, so we will have at least some real choice of pay TV service in Philadelphia.

In your deliberations, please remember that consumers like me are already facing constantly rising prices and poor customer service. Please keep Comcast from growing even larger and more unaccountable.

Thank you for your time and consideration.

I want DirectTV, but will not switch because I can then no longer get Comcast SportsNet to see the Phila. Flyers.

Subject: Close the Comcast loophole

As a resident of State College, PA, I am writing to challenge the Comcast/Time Warner/Adelphia merger (FCC Docket No. 05-192). This merger will result in Comcast's monopoly control of my city's television, which will make the current problems with my local TV even worse.

If Comcast's hoarding of their broadcasts of our local sports teams are any measure, they would use the increased power of this merger to limit competition, raise their prices, and provide bad customer service.

If you approve the merger, please require Comcast to share its regional sports programming with competing services like satellite television providers, so we will have at least some real choice of pay TV service in State College. It is extremely difficult and costly to be a Philadelphia sports fan living in State College. With DirecTV, even though my zip code is considered as part of the Philadelphia region, I am forced to accept the Pittsburgh regional sports network because Comcast has not made Comcast SportsNet Philadelphia available to those outside the Comcast cable viewing area. But why am I able to get Comcast SportsNet Baltimore/Washington? Why is this restriction limited to only Comcast SportsNet Philadelphia? Likewise, with the local Adelphia cable, my regional sports network is Fox Sports Pittsburgh. The only way I can receive Philadelphia sports on either is to subscribe to the pay-per-view packages, which are quite expensive.

In your deliberations, please remember that consumers like me are already facing constantly rising prices and poor customer service. Please keep Comcast from growing even larger and more unaccountable.

Thank you for your time and consideration.

COMMENT:

I am writing to challenge the Comcast/Time Warner/Adelphia merger (FCC Docket No. 05-192).

If Comcast's hoarding of their broadcasts of our local sports teams are any measure, they would use the increased power of this merger to limit competition, raise their prices, and provide bad customer service.

If you approve the merger, please require Comcast to share its regional sports programming with competing services like satellite television providers, so we will have at least some real choice of pay TV service.

In your deliberations, please remember that consumers like me are already facing constantly rising prices and poor customer service.
Please keep Comcast from growing even larger and more unaccountable.

Thank you for your time and consideration.

COMMENT:

As a resident of Philadelphia, I am writing to challenge the Comcast/Time Warner/Adelphia merger (FCC Docket No. 05-192). This merger will result in Comcast's monopoly control of my city's television, which will make the current problems with my local TV even worse.

If Comcast's hoarding of their broadcasts of our local sports teams are any measure, they would use the increased power of this merger to limit competition, raise their prices, and provide bad customer service.

If you approve the merger, please require Comcast to share its regional sports programming with competing services like satellite television providers, so we will have at least some real choice of pay TV service in Philadelphia.
