COMMENT:

As a resident of Philadelphia, I am writing to challenge the Comcast/Time Warner/Adelphia merger (FCC Docket No. 05-192). This merger will result in Comcast's monopoly control of my city's television, which will make the current problems with my local TV even worse.

If Comcast's hoarding of their broadcasts of our local sports teams are any measure, they would use the increased power of this merger to limit competition, raise their prices, and provide bad customer service.

If you approve the merger, please require Comcast to share its regional sports programming with competing services like satellite television providers, so we will have at least some real choice of pay TV service in Philadelphia.

In your deliberations, please remember that consumers like me are already facing constantly rising prices and poor customer service. Please keep Comcast from growing even larger and more unaccountable.

Thank you for your time and consideration.

COMMENT:

As a resident of the Philadelphia area, I am writing to challenge the Comcast/Time Warner/Adelphia merger (FCC Docket No. 05-192). This merger will result in Comcast's monopoly control of my city's television, which will make the current problems with my local TV even worse.

If Comcast's hoarding of their broadcasts of our local sports teams are any measure, they would use the increased power of this merger to limit competition, raise their prices, and provide bad customer service.

If you approve the merger, please require Comcast to share its regional sports programming with competing services like satellite television providers, so we will have at least some real choice of pay TV service in Philadelphia.

In your deliberations, please remember that consumers like me are already facing constantly rising prices and poor customer service. Please keep Comcast from growing even larger and more unaccountable.

Thank you for your time and consideration.
