This is a citizen comment submitted to the FCC regarding the Comcast/Time Warner/Adelphia merger (FCC Docket No. 05-192) Submitted by:

Name: Theimann Ackerson

101 W. Nippon St.
Philadelphia, PA 19119
215-746-0040
theimann@verizon.net

COMMENT:

As a resident of Philadelphia, I am writing to challenge the Comcast/Time Warner/Adelphia merger (FCC Docket No. 05-192). This merger will result in Comcast's monopoly control of my city's television, which will make the current problems with my local TV even worse.

If Comcast's hoarding of their broadcasts of our local sports teams are any measure, they would use the increased power of this merger to limit competition, raise their prices, and provide bad customer service.

If you approve the merger, please require Comcast to share its regional sports programming with competing services like satellite television providers, so we will have at least some real choice of pay TV service in Philadelphia.

In your deliberations, please remember that consumers like me are already facing constantly rising prices and poor customer service. Please keep Comcast from growing even larger and more unaccountable.

Thank you for your time and consideration.

COMMENT:

I would like to thank the FCC for ABANDONING television viewers in the Philadelphia area AGAIN by allowing Comcast to maintain its MONOPOLY on local sports television programming in the Philadelphia area.

Apparently it made sense to close the "terrestrial loophole" EVERYWHERE BUT PHILADELPHIA for the sake of spurring competition.

So competition in the Philadelphia area obviously does not matter to the FCC.

Thanks for nothing!!!

In your deliberations, please remember that consumers like me are already facing constantly rising prices and poor customer service. Please keep Comcast from growing even larger and more unaccountable.

Thank you for your time and consideration.

COMMENT:

I am writing to challenge the Comcast/Time Warner/Adelphia merger (FCC Docket No. 05-192). This merger will result in Comcast's monopoly control of my city's television, which will make the current problems with my local TV even worse.

If Comcast's hoarding of their broadcasts of our local sports teams are any measure, they would use the increased power of this merger to limit competition, raise their prices, and provide bad customer service.

If you approve the merger, please require Comcast to share its regional sports programming with competing services like satellite television providers, so we will have at least some real choice of pay TV service in Philadelphia.

In your deliberations, please remember that consumers like me are already facing constantly rising prices and poor customer service. Please keep Comcast from growing even larger and more unaccountable.

Thank you for your time and consideration.
