And Their Impact upon the)
Existing Television Broadcast Service)

MB Docket No. 87-268

To: The Commission

**Request for Extension of time in Which to File Reply Comments to Comments and
Waiver Request of Corridor Television LLP**

KTBC License, Inc., ("KTBC"), licensee of television station KTBC, Austin, Texas, Facility ID Number 35649, respectfully requests for a thirty-day extension of time in which to file reply comments in response to the Comments and Waiver Request of Corridor Television LLP ("Corridor"), licensee of KCWX, Fredericksburg, Texas to change its tentative DTV channel designation ("TCD") from channel 5 to channel 8 ("Comments").

KTBC's analog channel allocation is channel 7. As KTBC's original DTV allotment was channel 56, which is out of core, KTBC-DT elected to operate on channel 7, its current analog channel, after the digital transition. See File No. BFRECT - 20050210AEL.

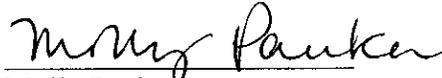

As Corridor's Comments state, it seeks to have KCWX-DT's TCD modified from channel 5 to channel 8. Commission staff is unable to grant corridor's request because, *inter alia*, according to the Commission staff engineering study appended to Corridor's Comments, this would create 0.76 percent additional predicted interference to KTBC-DT's operation on channel 7. Therefore, Corridor seeks waiver of the Commission's 0.1

No. of Copies rec'd 0+9
List ABCDE

percent interference threshold. KTBC and Corridor currently are in discussions looking toward a mutually-satisfactory engineering solution that would facilitate the parties entering into an agreement whereby KTBC would assent to KCWX-DT's operating on channel 8.

As these discussions may not be resolved by February 12, 2007, the deadline for reply comments in the above-referenced proceeding, counsel for Corridor has graciously indicated that Corridor would not object to KTBC's receiving a 30-day extension in which to file reply comments. No other party would be harmed by this minimal extension; moreover, the additional time could yield a result that would serve the interests of viewers of both KCWX-DT and KTBC-DT. For the foregoing reasons, KTBC License, Inc. hereby requests a 30-day extension of time in which to file reply comments.

Respectfully submitted,

Molly Pauker
