URMINDER AULAKH
OF COUNSEL

February 15, 2007

Marlene H. Dortch, Secretary
Federal Communications Commission
445 12th St., SW
Washington, DC 20554

**Re: MB Docket No. 05-317
Pollack/Belz Communication Company, Inc.
Television Station KLAX-DT, Alexandria, Louisiana (Facility ID# 52907)
TELEVISION STATION SECTION 339(a)(2)(D)(vii) WAIVER REQUEST.**

Dear Ms. Dortch:

Pollack/Belz Communication Company, Inc. ("PBCC"), by its counsel, hereby requests for its station KLAX-DT, Alexandria, Louisiana, a six-month waiver of the digital testing requirement for determining the distant signal eligibility of Direct Broadcast Satellite ("DBS") subscribers.

Pursuant to Section 339(a)(2)(D)(viii) of the Satellite Home Viewer Extension and Reauthorization Act of 2004, a station is eligible for a waiver if "no satellite carrier is providing the retransmission of the analog signals of local network stations under section 338 in the local market." No DBS service provider currently offers local-into-local service in the Alexandria, Louisiana market. Accordingly, KLAX-DT is eligible for a waiver of the digital testing requirement.

The fact that local-into-local service is not available in the local market is one of which the FCC ought to be able to take notice. However, in an abundance of caution, we are supplementing the instant waiver request with a sworn declaration to this effect.

Marlene H. Dortch

Accordingly, the grant of this request for waiver is warranted.

Respectfully submitted,

**POLLACK/BELZ COMMUNICATION
COMPANY, INC.**
