Dear Kevin Martin,

Dear Sirs,

PLEASE help me get access to a filtered internet. I'm a college graduate, and I still don't feel like I can protect my children online. IT'S TOO AWFUL!

PLEASE get the FCC to give M2Z the radio spectrum or whatever they need in order to provide a filtered internet to the US. I CARE ABOUT THIS MORE THAN ANY OTHER SINGLE ISSUE. I FEEL LIKE MY KIDS ARE WALKING A TIGHT-ROPE OVER A VAT OF ACID EVERY TIME THEY GO ONLINE. And, because their teachers give assignments that require the Internet, I don't feel like I can just not have Internet in my home.

I'm BEGGING! Please do something.

Here's the rest of the blurb from M2Z:

Implementation of a proposal now before the FCC to provide fast of a fast, free, and family-friendly universal broadband access program, like that supported by the Coalition for Free Broadband Now, is a necessary step in protecting our children online while ensuring that all Americans have affordable Internet access. This proposal could come at no better time, and I urge you to take action now to ensure it becomes a reality.

Sincerely,

Sally Linford
