Request for Review

CC Docket No. 02-6
CC Docket No. 96-45

The Perspectives Charter School requests that the decision of the Universal Services Administrative Company (USAC) to deny the schools funding request for basic maintenance in 2006-2007 be combined with the similar denial made in 2005-2006.

The person who can most readily discuss this with you is the district E-Rate consultant:

Funding information:

Funding Year: 2006
FRN: 1461956
Form 471 #: 527318
BEN: 161704
Entity Name: Perspectives Charter School

The Perspectives Charter School entered into a contract, for the basic maintenance of school equipment eligible for E-Rate funding. The school district applied for funding for this contract in the 2006-2007 funding year under FRN 1461956. The funding request was subsequently denied as the result of a Cost-Effectiveness Review.

The issues in this case are the same as in the school's appeal of FRN 1276775 submitted September 12, 2006, so the school asks that both FRNs be considered together, and that full funding be restored to FRNs 1276775 and 1461956.

Sincerely,

Daniel E. Riordan
President
