Dear NAME 1,

Until recently, West Telcom, Inc. ("West Telcom") had been providing your local telephone service over facilities of AT&T Texas pursuant to a specific contract with AT&T (the "contract"). As you may be aware, West Telcom is no longer able to provide your local telephone service.

Although it has no obligation under the contract to do so, unless AT&T (formerly SBC) stepped in, once West Telcom's account with AT&T was disconnected -- which occurred on September 26, 2006 -- your local telephone service would have been disconnected, too. To prevent your service from being disconnected without notice from West Telcom, AT&T began providing local telephone service to you on September 26, 2006 for a limited transition period. The last day of this limited transition period will be March 26, 2007.

Important: You have a choice in selecting the local telephone service provider you want to provide service to you. To continue to receive service after March 26, 2007, you must arrange for local telephone service with one of the local telephone service providers in your area. You must contact the local telephone service provider you prefer to arrange for service to begin before March 26, 2007. Contact numbers for local telephone service providers in your area are available in your local telephone directory.

Should you wish to continue receiving AT&T service after March 26, 2007, please call our business office before that date. The telephone number for the AT&T business office (formerly SBC) in your area is available in your local AT&T White Pages directory.

Remember, you must have replacement service up and running before March 26, 2007. If you fail to have replacement service up and running before the limited transition service is disconnected, you may not be able to keep the same telephone number for use with replacement service established after the limited transition service has been disconnected.

If you have changed your local telephone service provider within one week prior to the date of this letter, please disregard this letter. **If you have any questions regarding this letter please call 1-800-667-1086.**

Act now to prevent a disruption in your telephone service.

Sincerely,

Cheryl Becker
