The gen'l public heard with much trepidation about the proposed merger of AT&T and BellSouth. Our fears have been confirmed. Our phone bill is 10% over the previous month now that "MA Bell" has been returned to rape us. It's so nice to know you have the public interest at heart. Many of us do NOT use hard-wired phone for long distance service. WE use cell phones w/unlimited L-D or prepaid calling cards
