appeared that I would not need to, but that additional case specifics would be needed to confirm that. With that I followed up my email with a phone call to USAC and provided the information as requested. (Case #21-176476 should offer more details involving my email and phone calls). The USAC representative that I discussed the case with told me that I did not need to file a 470, and that I should contact my service provider to confirm that they would continue to offer service in the area. I did and was assured that they would continue to offer service in the area. The representative knew that based on the assistance provided, I would not be filing a Form 470. **Hence, for the 2005/2006 funding year I filed Form 471, without Form 470, and our library was approved for funding that year.** (Please refer to FUNDING COMMITMENT DECISION LETTER (UNDER YEAR 2005: 07/01/2005 - 6/30/2006) Dated September 21, 2005. Form 471 Application Number :489134. Funding Request Numbers 1356744, 1356746 and 1356747). On January 20, 2006, I followed the exact same procedure when applying for funding for the 2006/2007 funding year. However, this year my funding request was denied. See funding denied case # 21-413921. Our library was denied, I was told, because I failed to file a Form 470. I pointed out that I had not filed one for the 2005/2006 funding year based upon the advice of USAC and had received funding. No explanation was provided for why our library received funding for the 2005/2006 funding year, but not for the 2006/2007 funding year, even though the exact same USAC approved procedure was used. Obviously, you can see my frustration. I am a librarian for a small, rural library and, as such, have no special training or experience. To be told that our little library is not receiving much needed funding because of something I failed to do is very upsetting and is simply not accurate given what I have set-forth above. Therefore, I am asking that you review your denial of our 2006/2007 funding request and grant funding based on the documents filed, allow me to file a Form 470 now, or for any other remedy that may be appropriate under the circumstances. Our library is used upon by many patrons from the towns of Avon, Wagner, Delmont, Dante, Pickstown, Lake Andes, and Marty, along with the surrounding farming area, Colonies, and members of the Yankton Sioux Indian Reservation. The language in the instruction manual concerning this issue is ambiguous. A "note" on page 23 of this 35 page instruction manual seemingly contradicts the instructions given on page 4. However, USAC interpreted the instructions to read that no Form 470 would be needed for our library since we receive month-to-month services; an interpretation that could be gleaned by any reasonable applicant. To have an instruction manual state that no Form 470 is needed for libraries receiving month-to-month services on page 4, only to have the same manual state that a Form 470 is needed on page 23 is not reasonable. Please don't deny our funding request based on this ambiguity. If denied, I would like to request a waiver from the FCC, however, it is my understanding that a request for waiver should not be filed until after you have made final decision concerning this appeal. Thank you for your consideration of this matter and if you should need any further or other information, please feel free to contact me. -- ANNE PODHRADSKY

RE: Form 471 Application Number: 501810
Billed Entity Number: 134191
Applicant's Form Identifier: 471-06-07

This letter is your notification that your appeal has been resolved and is the official Revised Funding Commitment Decision letter (RFCDL) providing you with the dollar value and other details of the funding commitment(s) made for the FCC Form 471 Application identified above in response to your appeal.

The Funding Commitment Report (Report) that follows this Revised FCDL contains a list of items that were included in your original FCDL. An explanation of the items in the attached report is included in the sample FCDL posted to the SLD section of the USAC web site, and was included in your original FCDL. Depending on the nature of your appeal, this Report may have been updated to reflect the new total amount of discount for a funding request. Applicants should use THIS updated information when completing the FCC Form 486, if Form 486 has not already been submitted.

This same information is being sent to the service provider(s) whose Service Provider Identification Number (SPIN) was featured in your funding request(s). We urge you to contact your service provider(s) to make any necessary arrangements regarding delivery of service and provision of your discounts.

IMPLEMENTATION TIMEFRAME

The Federal Communications Commission (FCC) released on June 29, 2001, an Order extending the implementation period for non-recurring services. Any non-recurring service for which funds are committed in this letter may be delivered and installed up to September 30, 2007. Support for recurring services, however, is available only for services provided during the period July 01, 2006 through June 30, 2007.

If Forms 486 have not already been submitted for these services provided by this service provider as identified by the SPIN in the attached Funding Report, Forms 486 must be received or postmarked no later than 120 days after the Service Start Date, or 120 days after the date of an FCDL that approves funding, whichever is later, to receive discounts retroactively to the Service Start Date. If any funding was approved in the original FCDL and any services were provided by the service provider whose SPIN was referenced in the original Funding Report, the deadlines described above are calculated based on the original FCDL. If these services are approved as a result of a SPIN Correction, a new Form 486 will be required to allow invoicing for such services.

NEXT STEPS

Once you have reviewed this letter and have determined that some or all of your requests have been funded, your next step will be to facilitate receipt of discounts as explained in this letter.

RECURRING SERVICES: In order to receive reimbursement, you must file Form 486, Receipt of Service Confirmation Form, if it has not already been filed. The Form 486 notifies the SLD that services have been delivered. It also provides certified indication that your technology plan(s), if required, has been approved. The Form 486 and instructions are posted on the SLD web site at www.sl.universalservice.org. You may also contact the SLD Client Service Bureau by fax at 1-888-276-8736 or by phone at 1-888-203-8100 and ask that the form and instructions be sent to you. The Form 486, dated August 2003 in the lower right corner, MUST be used. As you complete Form 486, you should also contact your service provider(s) to verify they have received notice from the SLD of your funding commitment(s). After the SLD processes your Form 486, we can begin processing invoices for those discounted services (either the FCC Form 472, Billed Entity Applicant Reimbursement Form filed by the applicant or the FCC Form 474, Service Provider Invoice Form filed by the service provider).

NON-RECURRING SERVICES: Since these commitments come well after your application was submitted, it is possible that Contract Expiration Dates indicated on the FCC Form 471 will have passed. The attached Funding Commitment Report for this application includes the Contract Expiration Date from the Form 471, if provided. FCC rules grant a limited extension for contracts for non-recurring services. "[C]ontracts for nonrecurring services may be voluntarily extended to coincide with the appropriate deadline for the implementation [of delivery and installation for nonrecurring services]. Parties may not, however, extend other contractual provisions beyond the dates established by the Commission's rules without complying with the competitive bidding process." [FCC 01-195, released June 29, 2001]. If you have been waiting for this commitment letter before directing your service provider to start non-recurring service and if the Contract Expiration Date on the Form 471 has passed, the SLD will not be able to process a Form 486 with a reported Service Start Date after the Contract Expiration Date. If this is true for you, you should first negotiate a contract extension with your service provider and then file an FCC Form 500, Adjustment to Funding Commitment and Modification to Receipt of Service Confirmation Form, to notify the SLD of the new Contract Expiration Date. After submitting the Form 500, your next step will be to file the Form 486 with the SLD.

If you have any questions about this Revised FCDL, please call our Client Service Bureau.

NOTICE ON RULES AND FUNDS AVAILABILITY

Applicants' receipt of funding commitments is contingent on their compliance with all statutory, regulatory, and procedural requirements of the Schools and Libraries Universal Service Support Mechanism. Applicants who have received funding commitments continue to be subject to audits and other reviews that Universal Service Administration Company (USAC) and/or the Federal Communications Commission (FCC) may undertake periodically to assure that funds that have been committed are being used in accordance with all such requirements. The SLD may be required to reduce or cancel funding commitments that were not issued in accordance with such requirements, whether due to action or inaction, including but not limited to that by the SLD, the applicant, or the service provider. The SLD, and other appropriate authorities (including but not limited to USAC and the FCC), may pursue enforcement actions and other means of recourse to collect erroneously disbursed funds. The timing of payment of invoices may also be affected by the availability of funds based on the amount of funds collected from contributing telecommunications companies.
