911 Status Compliance Report

Live Wire Networks, Inc. (LiveWireNet) is an emerging IP enabled communications company based in Denver Colorado. LiveWireNet is currently providing Internet services and VOIP to small businesses and home offices in the Denver local calling area.

- 1. 911 Solution:** LiveWireNet completed the E911 system and is fully functional for 99.9% of our phone lines that we provide. This system was completed October 28th of 2005.
- 2. 911 Coverage:** LiveWireNet has E911 trunks that cover the local Denver calling area for the 303 and 720 area codes in Colorado. The PSAPs we connect to are:

Adams County Communications Center
Arapahoe County
Boulder Regional Emergency Telephone Service Authority
City and County of Denver
Clear Creek County
Douglas County
Elbert County
Jefferson County
Larimer Emergency Telephone Authority
Weld County

LIVE WIRE NETWORKS, INC.

P.O. Box 11146 ● Denver, CO 80211
303-458-5667 ● fax 303-458-5725 ● www.livewirenet.com

3. 911 Routing Information/Connectivity to Wireline E911 Network: LiveWireNet is connected to the PSAPs in the local Denver calling area with conventional wireline E911 trunks and is routing 911 calls to the appropriate PSAP based on the callers physical address.

4. New VOIP Customers and/or Marketing of VOIP Service in Non-Compliant Areas:

LiveWireNet does not accept any new customers where we cannot provide accurate 911 call routing. Likewise LiveWireNet does not market to areas where we cannot provide accurate 911 call routing.

James R Hinsdale – President
