Hello FCC,

I am deaf woman and I am very disappointed that any programs don't have without closed captioned few sometimes not show up closed captioned for any programs and news stations and TV commercials for new, but I want to keep closed captioned TV for any programs and old movies and new movies plus deaf/hard of hearing actors/actress must have closed captioned TV any programs for old and new and old and new movies with sign language communicate clearly plus DVD/VHS have closed captioned/ open captioned also Comcast CABLE and DEAF CABLE like Deaf Festival and VRS from now to the future so I want to keep to support CLOSED CAPTIONED TV from now to the future. Please don't omit closed captioned for any programs/news stations and TV commercials and deaf/hard of hearing actors/actress with sign language communicate with all programs/news stations and TV commercials and DVD/VHS and Comcast Cable and DEAF CABLE like Deaf Festival and NEW DEAF CABLE TV all the area of USA. Thanks.
