Re: Docket No. 05-196; Mpower Communications Corp.'s 911 Compliance Status Report and Request for Extension of Time

Dear Ms. Dortch:

By this letter, Mpower Communications Corp. ("Mpower") requests a one week extension of time to file a response to the Commission's March 12, 2007, letter regarding Mpower's deployment of emergency services for its interconnected VoIP service offering. Mpower is still compiling and analyzing the data it has received from its third-party solution provider and cannot, at this time, provide the Commission with all of the relevant information. Mpower still needs time to evaluate the data the Company has received from its third-party solution provider and requires further clarification of some of the information that it has received. Mpower expects to file a response on April 18, 2007.

For these reasons, Mpower respectfully requests an extension of time until April 18, 2007, to respond to the Commission's request. Should you have any questions, please do not hesitate to contact the undersigned.

Respectfully submitted,

A handwritten signature in black ink, appearing to read "R. Heatter", is written over a light gray background.
