Dear Kevin Martin,

I am a substitute teacher in Pinellas County and a parent of a 3-year old and 5-year old. I'm in favor of DocKet No. 07-16 because the M2Z proposal uses network level filtration to block indecent content on the internet.

According to the National Center for Education Statistics, 59% of nursery and elementary school students use the internet. My children enjoy the learning opportunities available online. As a parent, I am constantly monitoring their activity. Many other parents and teachers are forced to deny their children the educational benefits of the internet due to the fear that they will be exposed to inappropriate sites.

Please pass Docket No. 07-16 to make the net safer for our children.

Sincerely,

Tammy Matson
