Federal Communications Commission  
Office of the Secretary  
445 12th Street, SW  
Washington, DC 20554

**Re: MB Docket No. 07-57**

Dear Ms. Dortch,

On behalf of The Latino Coalition, a national issue-advocacy organization based in Washington, D.C., I urge you to approve the XM Satellite Radio merger with Sirius – an acquisition which is critical to the health of the satellite radio industry and to the larger cause of strong, facilities-based competition in the communications' marketplace.

Today satellite radio faces increasing competition from downloadable music, Internet-based radio, traditional broadcast radio and an increasingly converged and globalized communications industry. Clearly, this friendly acquisition is being motivated by financial concerns that result from this competition and it will help the newly formed company better compete in this international marketplace. In addition, this merger will provide more diverse programming and bring lower prices to the growing and highly diverse Hispanic audience.

For far too long, the Latino market has fallen victim to traditional radio companies that target very narrow and highly profitable audiences. Under this framework, Hispanics lose out on news, sports, music and diverse cultural programming that is widely available on alternative sources such as satellite, HD and internet radio. The satellite radio industry, by contrast, has been a launching pad for Hispanic programmers and an increasingly popular service for vast numbers of Latino consumers and other listeners who enjoy the richness of Hispanic culture, arts and news.

In our judgment, the acquisition will strengthen an industry that has been reporting losses in recent months. It appears clear that consumers will benefit as the combined programming will provide a greater number of channels for far less than such would cost consumers today in their totality. For programmers, the elimination of duplicate programming and expanded channel capacity will provide new opportunities for Hispanics and other entrepreneurial programmers as well.

As a strong advocate for the diverse needs of the Latino community, we are always supportive of measures that will bring variety and expanded options to our community. In our judgment, the XM-Sirius merger will accomplish just that by bringing more programming opportunities for Hispanic Americans and millions of other listeners. With expanded choices and better prices, satellite radio will be an even more attractive option for consumers and this ultimately benefits our growing community in every part and section of the country.

Thank you in advance for your consideration.

Respectfully,

Robert G. de Posada

President
