Overview

The Palm Treo 750 combines the power of Windows Mobile 5.0 with Palm ease of use. Access your personal or corporate email, the internet, critical personal or business applications - all at broadband speeds. Its innovative streamlined design makes it easy to use as a one-handed device when typing a message, or placing a call. With simultaneous voice and data technology, you can answer calls while surfing the internet or responding to email. The all new streamlined design sports a slimmer look and internal antenna. With high speed data and global coverage capabilities, the Palm Treo 750 will keep you connected anywhere your business takes you.
