RE: XXX-XXX-XXXX

Dear Customer Name,

We want to update you on some important and positive changes underway at the new AT&T that may require you to take some action. As you may know, in November 2005, AT&T Corp. and SBC Communications Inc. joined together to form what is today the new AT&T. As a result of this merger, local services for residential customers will be provided by AT&T Kansas, one of the AT&T family of companies. In an effort to pass the full benefits of this union on to our customers, we are integrating the best of our combined services to provide you with an opportunity to take advantage of exciting new products and services.

Beginning June 11, 2007, your **local residential telephone service provider**, a pre-merger AT&T operating company, will stop providing local residential telephone service in Kansas. You will need to make a choice as to your new provider. This transition means you have three options to consider:

- **Call AT&T Kansas to select your new plan** – Take this opportunity to contact an AT&T Kansas customer care representative who stands ready to answer your questions, assess your current calling plan, and recommend a new plan based on your communications and entertainment needs. Let us tell you how our customized bundles may save you money and simplify your life. Simply call toll free at 1-866-639-6740 by June 3, 2007. There are no costs associated with changing your local provider to AT&T Kansas.

For your convenience, we have enclosed a list of current AT&T services, applicable rates, terms and conditions. You may be eligible for some customized bundled packages that can include your voice and entertainment needs as well as Cingular Wireless, AT&T Yahoo! High Speed Internet and DISH Network. Best of all, by bundling your services, you may qualify for even greater savings. We also invite you to visit our website, att.com, to view available products and services in your area before calling AT&T Kansas for your free, personal consultation.

- **You always have the right to select another local telephone service provider** – You are a valued customer and we sincerely hope you will continue to remain with the AT&T family, but you do have the option of selecting another local telephone service provider. If you select another provider, that carrier will be able to provide you with a list of their services and charges. They can also tell you if there are any charges associated with moving to their service. A listing of available local service providers may be found in your AT&T White Pages Directory. If you do want to select another service provider, you should make that selection before June 3, 2007, to avoid automatic transfer of your account to AT&T Kansas.
- **If you do not choose a new provider you will be automatically transferred to AT&T Kansas** – You can decide to take no action, in which case we will transfer you automatically to AT&T Kansas during a transition period from June 11 through June 26, 2007. We will switch you to an AT&T Kansas service plan that is most comparable to your current telephone service plan (as shown in the attached list). In most cases, upon transfer, your monthly recurring charges will automatically be equal to or less than what you pay now. In cases where your monthly telephone service charges would be higher, you will receive a special transition discount so that you do not see an increase over what you pay now. This special discount will end on or after December 31, 2007. The AT&T Kansas service plan may also include features or services not included in your current plan. Once you receive your bill, if you have any questions about what's included in your service plan, just contact us at the number provided on the bill. There are no costs associated with this transfer to AT&T Kansas.

Important Information:

- **Long Distance Service**
If you select a new local service provider, you should contact your current long distance provider to ensure there is no change to your long distance calling plan. Not doing so may result in a change in the rates applied to your long distance calls.
- **Billing, Payments and Refunds**
Once your service has been transitioned to **AT&T Kansas or another carrier**, you will receive a final bill from your previous local provider, AT&T Communications of the Southwest, Inc. Please return your final payment via the remittance document provided in your bill. Failure to pay your telephone bill may result in your account being referred to a collection agency.

If you currently have a deposit for your local or long distance service, you will receive a refund of the deposit, including applicable interest, minus any amount due on your account when service is transferred. If a refund is due to you, you should receive it within four to six weeks after receipt of your final bill.

Additional information if you are automatically transferred to, or choose AT&T Kansas:

- **AT&T long distance customers**

As an AT&T Kansas local customer who retains AT&T long distance, you will automatically be enrolled in the AT&T Unlimited Plus Plan, which has a \$32.99 monthly recurring charge and provides unlimited domestic long distance calling, 24 hours per day 7 days a week, along with the AT&T Unlimited Canada Plan, which has a \$5.99 monthly recurring charge and discounted rates to other international countries. Importantly, you also will **receive a \$7.00 monthly credit** on your bill once your service has been established with AT&T Kansas. You will continue to receive the \$7.00 monthly credit as long as you are enrolled in the AT&T Unlimited Plus calling plan and have AT&T Kansas as your local provider. We appreciate your business and look forward to continuing to serve you.

- **Frozen or blocked accounts**

You will be transferred automatically to AT&T Kansas unless an alternate local provider selection is made. Contact AT&T Kansas toll free at 1-866-639-6740 if you would like to re-establish a freeze/block for your account after the transition period.

- **Reprogramming of calling features**

Once the transition to AT&T Kansas has been established, you will need to reprogram your Call Forwarding, Speed Dial and other features.

- **Update banking/bill payment information**

If you currently make payments via your bank, on-line bill pay, or credit card, please update your records to reflect your new AT&T Kansas account information. This will ensure proper payment. Your new billing account information will be your **10 digit billing telephone number plus a three digit customer code** that will appear on your new AT&T Kansas bill.

If you had signed up for automatic payments with the pre-merger AT&T company, you will need to re-apply for automatic bill payment through AT&T Kansas once your service is transferred.

- **Questions and additional information about new service**

If you have any questions regarding your new service(s), contact AT&T Kansas toll free at 1-866-639-6740 (7:00am – 9:00pm, Monday-Friday; 8:00 – 5:00pm Saturday).

Once your service has been established with AT&T Kansas, you will receive a welcome letter confirming your new products and services.

If you have other services not provided by AT&T Communications of Michigan, Inc. that use your local telephone line, for example an alarm service, you should contact the provider(s) of those services to inform them of the change to your local telephone service provider and determine if any actions are necessary.

If at any time you have questions or complaints regarding this transition, or you want to know how you can take advantage of AT&T's new suite of products and services, we invite you to contact AT&T Kansas toll free at 1-866-639-6740 (7:00am – 9:00pm Monday-Friday; 8:00 – 5:00pm Saturday). If you have questions regarding your final bill or your existing service please contact the AT&T Customer Care Center at 1-800-288-2747. We hope you will continue to be a part of our new AT&T family, and we look forward to serving you well into the future.

Sincerely,

Customer Care
