Re: *Notice of Ex Parte Communication*, EB Docket No. 04-296

Dear Ms. Dortch:

Yesterday Kelly Williams and the undersigned of NAB met with Michelle Carey to discuss the Emergency Alert System (“EAS”). We explained that broadcasters are proud partners with the Commission in public warning. To that end, we look forward to working towards implementation for improved access and relay of EAS warnings, on federal, state and local level. We also discussed practical ways of ensuring that non-English speaking persons have timely access to emergency information. We emphasized that any new regulations should be of a pragmatic nature, and should both encourage and facilitate dissemination of emergency information.

Please direct any questions concerning this matter to the undersigned.

Respectfully submitted,

Jane Mago
Sr. V.P. & General Counsel
