

USE PUBLIC AIRWAVES FOR PUBLIC GOOD!

USE PUBLIC AIRWAVES FOR PUBLIC GOOD!

Don't sell our public airwaves to giant cable and telco companies to use for more of their outrageous, selfish profit taking and price gouging!

To restore America's leadership in high speed Internet services, the FCC must ensure that the upcoming auction sets aside at least 30 MHz of spectrum for open and non-discriminatory Internet access. This will guarantee that new entrants have the opportunity to enter the market in competition with incumbent providers.

WE NEED MORE COMPETITION IN THE WIRELESS ARENA -- NOT LESS!!!

Please see to it that this new wireless spectrum is open and neutral so that America can build a better Internet for everyone.

KEEP THE NEW WIRELESS INTERNET OPEN TO ALL!

We're counting on the FCC to keep public resources like the airwaves publicly owned, for the good of all Americans -- not privately owned for the benefit of a few selfish corporations and wealthy individuals.

Thank you.
