

Only OPEN INTERNET can guarantee genuine freedom.

OPEN INTERNET guarantees free speech, equal opportunity and economic innovation in America.

Since the 2005 FCC betrayal of Public Trust, GREEDY top executives of phone and cable companies have OPENLY created their plans to be SOLE GATEKEEPER of the Internet--- preventing entry to Web sites that do not have money to pay their added tolls.

This ends open Internet as we know it.

This would SEVERELY CURTAIL my ability to connect with others, share information and participate in our 21st century democracy and economy.

FCC must ensure that broadband providers do not block, interfere with or discriminate against any lawful Internet traffic based on ownership, source or destination.
