Re: WT 00-230 & RM-11339

Dear Ms. Dortch:

On May 31 2007, Tom Sugrue, Kathleen Ham, and Patrick Welsh representing T-Mobile USA, Inc. (“T-Mobile”), met with Helen Domenici, Narda Jones, Howard Griboff, and Francis Gutierrez of the International Bureau to discuss T-Mobile’s interests in the above-referenced proceedings.

Specifically, T-Mobile discussed its petition for reconsideration of the Second Report and Order, which was filed on January 27, 2005 in WT Docket No. 00-230, proposing that supplemental rulings be required only when applicant proposes to acquire an interest in spectrum in an entirely new service, or on a geographic scale, that bears no relation to its existing operations, and not when the applicant is facilitating or expanding its existing business.¹ T-Mobile also proposed that an applicant not need a separate ruling if its direct or indirect parent had already obtained a ruling.

In addition, T-Mobile discussed Globalstar’s Petition for Rulemaking asking the Commission to use the entire 2483.5 – 2500 MHz band (S-Band) of its MSS spectrum for Ancillary Terrestrial Component (“ATC”) operations. Our discussion was consistent with T-Mobile’s reply comments filed on September 12, 2006.
