

Research and Freedom depend upon OPEN INTERNET

IN MY OPINION, (yes, capitalization is YELLIING)

DARPA should not to be paid for AGAIN by the American taxpayer.

This network was not created by you, your agency, your cable vendor, your telephone company, or your Satellite vendor.

DO THE RIGHT THING .

DARPA was created by the UNITED STATES GOVERNMENT in order to COMMUNICATE in the event of a NUCLEAR EXCHANGE. It is a mesh packet switching hybrid .

THE PEOPLE OF THE U.S.A. OWN IT. MAKE NO MISTAKE.

We have on the horizon a wonderful little man from IRAN who resembles another little man from Germany ...
and he's refining Plutonium.

We should do everything in our power to preserve our National Property and Keep COMMERCIAL INTERESTS WITH NO LOYALTY AT ALL AWAY FROM PUBLIC NETWORKS.

BEFORE YOU KNOW IT, THE BANDWIDTH WILL BE PUT ON THE MARKET FOR SPECULATION LIKE OIL. If I am not mistaken, OIL used to be considered an Essential for Americas Security.

DON'T BE PROSTITUTES.

Cable and Telco's have no right to demand pay per play in this area.

WITHOUT OPEN BANDWIDTH, RESEARCH PROJECTS (LIKE DARPA)
OPEN COMMUNICATION, AND ECONOMIC GROWTH ALL OVER THE WORLD WILL SUFFER
DRAMATICALLY.

THERE ARE THOUSANDS OF PEOPLE WHO DONATED MILLIONS OF MAN HOURS TO
CREATE AN OPEN MESH NETWORK SO THAT THE WORLD COULD COMMUNICATE FREELY
AND EXCHANGE IDEAS, PHILOSOPHIES, POLITICAL DEBATES, and Scientific discussion.

I STRONGLY OBJECT TO COMMERCIAL OR GOVERNMENT AGENCY'S WHO ATTEMPT TO

SELL AMERICAS ASSETS TO THE HIGHEST BIDDER through collusion or conspiracy. In my opinion, People who knowingly sell america out, sell her people out, or forfeit her freedoms should be shot for TREASON.

This fundamentally flawed change would end the open Internet as we know it. It would damage my ability to connect with others, share information and participate in our 21st century democracy and economy. The FCC must ensure that broadband providers do not block, interfere with or discriminate against any lawful Internet traffic based on its ownership, source or destination.

Thank you for your time.
