Re: **EX PARTE**  
Reexamination of Roaming Obligations of Commercial Mobile Radio Service Providers,  
WT Docket No. 05-265

Dear Ms. Dortch:

On June 11, 2007, Kathleen Ham, Sara Leibman, and Patrick Welsh of T-Mobile USA, Inc. ("T-Mobile"), and Dr. Harold Furchtgott-Roth and the undersigned on behalf of T-Mobile, met with Erika Olsen of the Chairman's Office regarding the above-referenced proceeding.

The T-Mobile representatives explained that new nationwide rules regarding the provision of commercial mobile radio service roaming or roaming agreements are unnecessary at this time. However, the Commission should improve its complaint procedures to address particular issues between specific roaming parties rather than adopting nationwide rules that could harm the vast majority of wireless carriers and their customers.

The T-Mobile representatives noted that because T-Mobile is a nationwide facilities-based carrier that has roaming arrangements with both larger and smaller wireless carriers, it has a unique perspective on roaming issues. Successful roaming relationships are essential to T-Mobile's ongoing competitive efforts. As an example, in April 2007, T-Mobile hosted a UTMS/3G summit attended by rural and regional wireless providers as well as other interested parties where future arrangements for 3G roaming was a major topic.

The T-Mobile representatives also expressed views on related roaming issues that were consistent with the comments, reply comments, and ex parte filings that T-Mobile already has submitted in this proceeding.
