In the Matter of

Cablevision of Marion County, LLC Request for
Waiver of 47 C.F.R. § 76.1204(a)(1)

CSR-7347-Z

SWORN DECLARATION OF JESS R. KING

1. My name is Jess R. King. I am the President of Cablevision of Marion County, LLC ("CMC"). I declare under penalty of perjury that the facts contained in this Declaration are true and correct to the best of my knowledge, information, and belief, and that I am authorized to give this Declaration on behalf of CMC.

2. Pursuant to paragraph 62 and footnote 252 of the Memorandum Opinion and Order ("Order") issued by the Bureau in this proceeding on June 29, 2007, CMC hereby accepts the conditional waiver from the integration ban for devices that do not include High Definition output or Digital Video Recorder capabilities. Accordingly, CMC publicly commits to the following plan by this sworn declaration:

a. For CMC systems that are converted to all-digital before July 1, 2008, CMC will (i) notify all of its analog customers of its plans to go all-digital at least six months in advance of that event, and submit a sworn declaration to the Commission confirming that such notice has been provided; and (ii) ensure that, at least six months prior to its migration to all-digital, it has in its inventory or has placed orders for enough set-top boxes to ensure that each of its customers can continue to view its video programming on their television sets, and submit a sworn declaration to the Commission confirming that this is the case.

b. CMC will transition all of its other systems to all-digital on or before February 17, 2009. In these systems, CMC will (i) notify all of its analog customers of its plans to go all digital at least one year in advance of that event and again six months in advance of that event, and will submit a sworn declaration to the Commission confirming that such notice has been provided; and (ii) ensure that, at least one year prior to its migration to all digital, it has in its inventory or has placed orders for enough set-top boxes to ensure that each of its customers can continue to view its video programming on their television sets, and submit a sworn declaration to the Commission confirming that this is the case.
