Dear FCC:

To whom it may concern:
I just wanted to voice my opinion about the SIRI/XM merger. I think that it would provide numerous benefits for both of these companies to join. For one, it would strengthen each company and they would be joining together to provide the best satellite radio service instead of competing against each other. Right now there is segregation between the two and I would like to see that go away. I think it would be a great idea, I support it and ask if you would as well. Thank you for your time.

Sincerely,

Cherrie Bevers
