

Older lifetime American citizen speaks.

Net Neutrality is essential to free speech and a voice on what is really happening in America and abroad. When I was a child we had more freedoms to grow up and learn right from wrong, not because we didn't have laws and nobody cared what we did, but we were taught to respect authority and the rights of others and obey by the laws of the day. Today, we are constantly having the political correct crowd trying to change our laws to fit their own personal agendas, having a biased news media not telling both sides of an important story, and a lot of big money organizations and politicians to back up their positions. It's time to ENFORCE THE EXISTING LAWS THAT HAVE WORKED FOR DECADES, GIVE BACK THE RIGHTS TO PARENTS AND TEACHERS TO ENFORCE THE DISCIPLINE THEY SO DESPERATELY NEED, KEEP GOD IN OUR SCHOOLS, NATIONAL ANTHEM AND ON OUR NATIONAL CURRENCY, AND MOST OF ALL KEEP THE INTERNET NEUTRALITY AS IT IS, SO THE AVERAGE AMERICAN CITIZEN CAN BE INFORMED AND STILL HAVE THE FREEDOM TO SPEAK UP ON THE IMPORTANT ISSUES OF TODAY, WITHOUT BEING SILENCED OR LIED TO BY THOSE WHO ARE MORE INTERESTED IN MAKING MONEY.
