Re: Notification of Subscriber Transfer, CC Docket No. 00-257

Dear Madam Secretary:

AT&T Inc., on behalf of its affiliates, files this letter pursuant to Section 64.1120e of the Commission's Rules. This letter provides notification of the transfer of certain Arizona and Virginia in-state business subscribers from AT&T Long Distance to AT&T Communications of the Mountain States, Inc. and AT&T Communications of Virginia, LLC (collectively "AT&T").

AT&T has provided the affected customers advance notice of the transfer. If no alternative provider is selected, the affected Arizona and Virginia customers will become in-state business customers of AT&T. The transfer will commence on August 15, 2007. AT&T certifies that it has complied with the advance notice obligations set forth in Section 64.1120e of the Commission's rules, the obligations specified in the customer notice and any other applicable statutory and Commission requirements. Sample notification letters are attached hereto.

Should you have any questions, please do not hesitate to contact me.

Sincerely,

/s/ Dauida Grant

## Second Notice: Change in Your Local Telephone Service

Dear Valued AT&T Business Customer:

As you were previously notified, some duplicative local telephone service offerings of SBC Long Distance, LLC d/b/a AT&T Long Distance in Tucson, AZ are being phased out. This means that AT&T Long Distance will no longer be offering local business telephone service and your local business service will be migrated to AT&T Communications of the Mountain States, INC., as early as August 15, 2007, and prior to August 31, 2007.

Please disregard this letter if you have already placed an order to transfer your local phone service to another service provider or if you plan to migrate your service to AT&T Communications of the Mountain States, INC., prior to August 15, 2007.

THERE IS NO COST TO YOU FOR THIS CHANGE, AND NO ACTION ON YOUR PART IS REQUIRED. THE CHANGE WILL OCCUR AUTOMATICALLY.

Unless you inform us otherwise or switch your local service to another provider by August 1, 2007 we will transfer your service automatically to AT&T Communications of the Mountain States, INC., between August 15, 2007 and August 31, 2007. Your new service plan will be comparable to your current plan, as provided in the following document. Your total monthly charges will also be comparable. If you currently have a PIC freeze on your account (protecting you from inadvertent or unauthorized changes to your local service carrier), you will need to call in after the migration to re-instate that freeze.

As always, you have the right to select another local telephone service provider. We value you as an AT&T customer and we sincerely hope you remain with AT&T. If you select another provider, there are a number of actions that need to be taken. You would need to contact that carrier for a list of its services and charges. A listing of available local service providers may be found in your Local White Pages Directory. You are responsible for any service activation fees or installation fees imposed by your new carrier. If you elect to keep your current long distance services, you are responsible for contacting your new local service provider and your current long distance provider to make sure there are no unwanted changes to your long distance services. Once again, these actions are required *only* if you elect to leave AT&T. If you stay with AT&T, you do not need to take any action, and you will not pay any costs for the shift from your current AT&T service to your new AT&T service.

Your account team will attempt to contact you prior to August 15, 2007, to discuss this transition and the products and services available to you. If you have questions or complaints about this migration:

- About your new service: contact AT&T at 1-800-258-0241
- About your existing service: contact AT&T at 1-877-430-7228

Thank you for being an AT&T customer. We look forward to meeting your communications needs for years to come!

Sincerely,

Your AT&T Business Specialist

# Rate Terms and Conditions of Local Service
